The following is published for the information of members:

"Chapter 346. An Act providing that certain police officers and fire fighters shall have equal preference with veterans in their placement on eligible lists for promotion.

Chapter 31 of the General Laws is hereby amended by inserting after section 23B the following section:-

Section 23C. Notwithstanding the provisions of section twenty-three or the provisions of any other law or rule to the contrary, any regular police officer who has served for twenty-five years and who passes an examination for promotion to the grade of lieutenant or higher, and any regular fire fighter who has served for twenty-five years and who passes an examination for promotion to the grade of captain or higher, shall have equal preference with veterans in being placed upon the eligible list for said promotion."

Approved May 27, 1971
Effective 90 days after approval

IV. COMMENDATIONS

1. The following-named men are highly commended for responding to and working at fire, Box 7435, two alarms, on May 21, 1971, while off duty. These men immediately went to work assisting in running of hose lines, ventilating, and searching for occupants. The work they performed reflects great credit as dedicated members of this department, for they subjected themselves to severe physical danger and discomfort due to the fact that they were in civilian clothing and did not have the advantage of fire fighters' protective clothing. The Commissioner an Chief are pleased to highly commend these men for their dedication to duty.

Fire Lieut. John P. Wallace	Engine Co. 43
Fire Fighter Walter E. O'Hearn	Ladder Co. 19
Fire Fighter James T. Shea	Ladder Co. 19

2. Fire Fighters William H. Greene and Richard P. Hickey of Engine Co. 14 are hereby commended for responding to and working at fire, Box 2432, two alarms, on June 24, 1971, while they were off duty.

BY ORDER OF FIRE COMMISSIONER JAMES H. KELLY

George H. Paul

VII. LETTER OF THANKS

The following letter was received in regard to the "Jimmy" Fund ball game between the Boston and Brookline Fire Departments which was held on Monday evening, August 9th.

"August 23, 1971

Dear Chief:

"Although Ken Coleman publicly expressed our gratitude over the baseball network, may I supplement his remarks by saying the $495.31 which was forwarded to us by John F. Ingram has a very "special" meaning. It will be put to immediate use in our research program.

"We not only like what the members of the Brookline and Boston Fire Departments do each year, but more so the "Big League" manner in which they do it.

"Once again, may I thank you just as warmly as I can and through you the men in your department, and especially the good people in your community who helped make this contribution possible.

"With best wishes and kindest regards, I am

Sincerely,

Signed/ William S. Koster"

V. HIGH COMMENDATION

1. At 0741, Sunday, August 22, 1971, the department responded to Box 1583 for a fire in the building at 480 Beacon Street.

While advancing a 2 1/2" hose line on the third floor, Fire Lieutenant Charles W. Kimball of Engine Co. 39 disappeared in the dense smoke. Upon cautious investigation, Fire Fighters James E. France and John J. McKenna of Engine Co. 39 found that Lieutenant Kimball had tripped over a threshold and had fallen into the middle of a burned-out stairwell and had landed across a burning

timber. He was apparently partially overcome by smoke, heat, and gases, and was in danger of falling three stories into the basement of the building.

Without any thought of their own safety and with great risk to their persons, Fire Fighters France and McKenna removed Lieutenant Kimball to safety. Lieutenant Kimball sustained burns to both hands.

By their promp and efficient action, it appears that Fire Fighters France and McKenna saved Lieutenant Kimball from serious injuries or death.

The Fire Commissioner is therefore pleased to commend them highly, and their cases are referred to the Board of Merit for further consideration.

VI. COMMENDATION

1. Fire Fighter on Probation Joseph F. Davies, Jr. of Engine Co. 40 is hereby commended for responding to and working at fire, Box 6112 on August 29, 1971, while off duty.

VII. LETTER OF COMMENDATION

The following letter from The Dorchester-Dudley Council, Inc. is hereby published for the information of members:

"August 31, 1971

Dear Commissioner Kelly:

"The members of the Dorchester-Dudley Council, Inc. want to commend the men of the Fire Department who have responded to the series of fires in empty buildings on Brook Avenue since August 14th. The residents of the street well realize that the prompt and efficient work of the firemen saved their lives and their property. These people will forever be grateful.

Sincerely yours,

Signed/ Theresa F. Cussen, Sec.
125 Brook Avenue "

VIII. LETTER OF THANKS

The following letter from the Greater Boston Labor Council, AFL-CIO is published for the information of the department:

"September 7, 1971

Dear Commissioner Kelly:

"Once again the Officers and Delegates of the Greater Boston Labor Council, AFL CIO wish to thank the Boston Fire Department for their cooperation and participation in the Annual Labor Day Parade.

"We are extremely grateful to Marty Pierce of Local 718 for the splendid job he did as Chief Marshal.

"Our sincere thanks are extended to the Band and Drill Team which added so much to the success of the parade.

XII. HIGH COMMENDATION

At 0338 hours on September 7, 1971, the department responded to a fire in the dwelling house at 5 Cedar Street, Roxbury. The fire involved the first floor of a 3-story wooden frame dwelling which was occupied by two men. Both men had been bound with wire, saturated with gasoline, and set afire by a third party.

Upon arrival of Engine Co. 14, a line was laid from the pumper and advanced into the first floor living-room which was heavily charged with smoke and heat. At this time, Lieutenant Robert A. Doyle of Engine Co. 14 found the body of a man lying on the bedroom floor. He removed the body to the outside, assisted by Fire Fighter Vincent G. Mahoney. Fire Lieutenant Doyle and Fire Fighter Mahoney reentered the building with the hose line in conjunction with a second hose line advanced by Engine Co. 12. After using both lines, a second body was found deep on the left side of the kitchen. Fire Lieutenant Doyle carried the body a short distance to a point where he was assisted by Fire Lieutenant Paul O'Brien of Ladder Co. 4 and Fire Fighter Henry Cullen of Ladder Co. 30. The victim was then removed to the street.

Because of the fact that the foregoing-named members performed this rescue work under extremely difficult conditions, and without regard for their own safety, the Fire Commissioner is pleased to commend them highly, and their cases are referred to the Board of Merit for further consideration.

XIII. COMMENDATION

Fire Fighter Stephen M. Nawoichik of Ladder Co. 1 is hereby commended for responding to and working at a fire, Box 1251 (3 alarms) on September 8, 1971, while he was off duty.

BOSTON, SEPTEMBER 28, 1971

FIRE PREVENTION WEEK

1. Fire Prevention Week will be observed in the City of Boston from Oct. 3 to Oct. 10, 1971, inclusive. Mayor Kevin H. White has issued the following statement in connection with the observance of this week.

"The success of a fire prevention program is predicated on the activities of an experienced fire department and the cooperative assistance received from members of the community. We are fortunate in Boston that these necessary elements exist, and thus fire safety has steadily progressed. The nature of fire and fire causes is such that negligence can lead to disaster. Hence, everlasting vigilance must be maintained. The fire department must provide initiative to the public at all times for their greater safety from fire.

"I have noted the progress made by the Boston Fire Department in the field of research. The efforts expended in this area have been extensive and rewarding. As Mayor of this city, I am pleased to congratulate the fire department for their accomplishments in this respect. The results indicate that research such as this is a most important factor in future fire safety. This added to the continuous fire prevention work, and the efficient operations of an excellent fire fighting force contribute to make Boston a safer city."

2. The Boston Fire Department will again emphasize Fire Prevention Week with a series of activities as follows:

(a) Fire stations shall be open to the public between the hours of 1200 and 2000 for inspection of the premises and for the conveyance of information concerning the fire department functions and fire prevention matters. When citizens come to a station during fire prevention week, the man on house patrol shall summon the commanding officer who should be available and ready to either show the visitors around the station and to answer questions regarding the department, or to have a suitable person assigned to this duty.

(b) Canvas signs giving notice that Fire Prevention Week is in progress should be displayed from all fire stations. Most stations have these signs in their possession from exhibitions of previous years, and it is the responsibility of company officers to see to it that these signs are kept in good condition from year to year. Signs should be displayed from Sunday to Saturday. Signs shall be checked daily by the officer in charge of quarters to assure that they are firmly affixed to the building in a proper manner.

3. District Fire Chiefs are directed to take an active interest in fire prevention programs in the following manner.

(a) By making arrangements with the various plants and industrial enterprises within the district to hold fire drills during the week; by grading these drills as "Good," "Fair," or "Poor," and making a report of same to the Fire Prevention Division, indicating the name of the enterprise, the date of the drill and the grade.

Same should be forwarded promptly. Each concern should be requested to acknowledge participation in Fire Prevention Week activities via written correspondence. These drills should be conducted by a company officer after arrangements are made. At plants where there are special or company fire brigades, particular attention should be given to assignments and/or response procedures. It is requested that the name of the company officer conducting the drill be furnished. It is anticipated that not less than three drills be conducted in each district.

(b) All public and private schools within each district shall be visited by a district chief or duly delegated company officer. School fire drills shall be held during Fire Prevention Week in all schools, both public and private. Permission should be obtained for the presentation of a five-minute talk on the subject of fire prevention - such address should not be read from a printed manuscript. Every effort should be made to speak effectively and emphatically.

4. The School Department in cooperation with the Fire Department is going to distribute "Home Inspection Blanks." Distribution of these blanks shall be by company officers within whose subdistricts the schools are located, and they shall be distributed during Fire Prevention Week. The teachers shall collect the completed blanks from the pupils, and in turn the company officers will collect from the various schools and return these blanks to the Fire Prevention Division with a summary of schools and total numbers collected on or before November 1. Posters for bulletin boards, two for each school, will also be distributed.

An essay contest is being conducted in all parochial and public schools in the City for the sixth grade of grammar schools. Topic is "How False Alarms Affect Me and How I Can Prevent Them." The essay is to be 150 words or less. All officers and members are requested to show an interest in this essay contest and to answer questions concerning it to any student who may request information relative to Fire Prevention in order to complete his essay.

5. The district fire chief should compile a list of fraternal, social, civic and professional organizations within the district and advertise to them the willingness of the Fire Department to provide company officers for the purpose of lecturing on Fire Prevention at any time. District fire chiefs should make a concerted effort to bring the activities of the department before these organizations and arrange for lectures to be given. The name of any organization so participating should be reported to Fire Prevention Division, specifically if the organization can be urged to forward on their own stationery a notation of the event, it would be to the greater advantage of the Fire Department.

6. Fire fighters are to pay special attention to the observance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from daily work. Dilapidated buildings, rubbish accumulation, and other hazards should be reported to the Fire Prevention Division. The public expects uniformed members of the Fire Department to know something about fire prevention work and to have an interest in this subject since they are public employees engaged in this field. Fire fighters, therefore, during Fire Prevention Week should have this subject uppermost in their minds, and they

should not pass by a fire hazard at any time without making a note of it for reference to the Fire Prevention Division. In short, every uniformed man in the Fire Department is a fire prevention inspector at all times.

7. Company commanders, upon receipt of the Governor's Proclamation on Fire Prevention and Fire Prevention posters, will post these items in a suitable location at the front of each fire station where they will be visible to the public. They will remain posted until October 11, 1971.

V. HIGH COMMENDATION

At 0034 hours on September 19, 1971, the department responded to an alarm from Box 1771, for a fire in the dwelling house at 76 Glendale St., Dorchester.

Upon arrival of the apparatus, members were informed that three persons were trapped on the third floor. Fire Captain Warren A. Hardy, Jr. of Ladder Co. 7, Fire Fighters Thomas F. Myers of Engine Co. 21, George W. Girvan, Jr., John F. Carey, and Robert J. McCue of Ladder Co. 23 made their way through a heavy concentration of heat and smoke, up a rear stairway to the third floor, and after a search found two adults and a child, all unconscious, and carried them down the stairway to the street. This rescue work was performed without masks, before ventilation was accomplished, or hose lines were in position.

Because of the fact that the foregoing-named members found and removed the victims without thought of their own safety and under very dangerous conditions, the Fire Commissioner is pleased to commend them highly, and their cases are referred to the Board of Merit for further consideration.

V. MASS. BAY UNITED FUND CAMPAIGN

1. His Honor, Mayor Kevin H. White has called attention to the Annual United Fund Campaign for 1972 which is now under way. The Mayor hopes that the customary generosity of the Fire Department employees will be repeated this year.

2. Pledge cards and literature concerning the United Fund Campaign are being distributed to the department today, one for each member.

3. Company commanders and heads of branch divisions are requested to interview each member of their commands, including employees on sick and injured leave, and ask them to make a contribution. All pledge cards are to be completed and returned to Headquarters on or before November 5, 1971. However, completed cards with initial donations should be sent to Headquarters as soon as possible before the above date. Company commanders are requested not to hold a number of completed cards while awaiting receipt of others.

4. Cards of members who request that payroll deductions be made should be separated from cards accompanied by donations. Both groups of cards should be forwarded to Headquarters by November 5, 1971, if possible.

5. All pledge cards and currency will be received at Headquarters by Head Clerk Joseph Cawley on or before Nov. 5, 1971. Cards pledging donations through payroll deductions should also be forwarded to him. Delivery of pledge cards and money can be made on any weekday, except Saturday, between 0900 and 1500.

6. A member may pledge a sum of money and have it deducted on the department payroll in accordance with the provisions of Chap. 180, Sect. 17B, G. L. However, deductions can be made on the payroll only four times a year, during the weeks in which there will be no Blue Cross deductions, as follows: Weeks ending March 29, May 31, August 30 and November 29, 1972.

7. Deductions of less than $1.00 cannot be made on the payroll. There is a space on each card for a member who desires to pledge a certain amount to make a down payment and have the United Fund bill him for the balance in four payments as indicated on the card, or on some particular date to be inserted on the card by the member.

8. Additional pledge cards and envelopes may be obtained at Headquarters. Names of members have been printed on the pledge cards.

VI. COMMENDATIONS

1. The members of Ladder Co. 20 are hereby commended for their very efficient performance, under very difficult conditions, in rescuing occupants from the dwelling house at 15 Washburn Street, Dorchester, during a two-alarm fire at 0040 hours on October 16, 1971.

2. Fire Fighter on Probation Francis J. Cummings, Jr. of Engine Co. 28 is hereby commended for responding to and working at fire, Box 282, October 18, 1971, while off duty.

VII. HIGH COMMENDATION

1. At 0040 hours, on October 16, 1971, the department responded to Box 7261 for a fire in the dwelling house at 15 Washburn St., Dorchester, for which two alarms were sounded. Upon arrival of Ladder Co. 20, the members were informed that several people were trapped on the upper floors of the house.

Fire Fighter Paul A. Christian and other members of Ladder Co. 20 entered the building via the front stairs and ascended to the second floor. Upon reaching the second floor landing, the members were severely hampered by intense smoke and heat, but Fire Fighter Christian crawled down a hallway to a kitchen at the rear of the building. Both the kitchen and the room adjoining it at the left were involved in fire. Fire Fighter Christian discovered a severely burned man lying on the kitchen floor and, with great difficulty, he removed him to the front stairway where he was assisted by Fire Lieutenant James A. Dailey of Ladder Co. 20 in removing the man to the street.

While members of Ladder Co. 20 were giving oxygen to the rescued man, they were informed that another man was at the window of an attic room. They lowered the aerial ladder from the roof to the attic window, and Fire Fighter Christian ascended the ladder and assisted the man from the building.

2. Fire Fighter Christian performed the rescue work under very dangerous conditions, without thought of his own safety, and the Fire Commissioner is pleased to commend him highly. His case is referred to the Board of Merit for further consideration.

VIII. LETTER OF THANKS

The following letter is published for the information of the department.

"October 26, 1971

"Dear Chief Paul:

"May I extend to you and through you, to the members of the Boston Fire Department my sincere thanks and appreciation for the valuable assistance rendered to this City during the 3 Alarm Fire on October 20, 1971 at Davis Square.

Sincerely,

GENERAL ORDERS
NO. 49

HEADQUARTERS, FIRE DEPARTMENT
BOSTON, NOVEMBER 5, 1971

I. CHANGE IN RULE

The following change shall be made in Rules & Regulations of the Boston Fire Department:

Rule 28 (l) as amended by G. L. 31 of 1967 is further amended by striking out the entire sub-section and replacing with the following:

"Rule 28 (l). Engine Companies arriving at a fire on the first alarm shall not connect to the same hydrant. If a hydrant is found to be frozen, the following procedures shall be carried out:

1. The company connected to such hydrant shall transfer its line of hose to the nearest engine or high pressure hydrant (as the case may be) that has obtained water.

2. The pump operator of a double unit engine company at the frozen hydrant shall place in operation the thawing device and thaw out such hydrant.

3. The same procedure as specified in paragraph 2 shall be followed in the case of a single unit engine company directly connected to the frozen hydrant as required in Rule 28.8 (f).

4. When a single unit engine company runs a feeder line from a hydrant which has been found frozen, the hydrant man shall immediately call this to the attention of men operating lines from his pump. A member of the company shall be assigned to assist the hydrant man in removing the thawing device from the apparatus and carrying it to the hydrant so that the hydrant man can use it to thaw out the frozen hydrant. The feeder line shall not be transferred to another hydrant, unless it is impossible to thaw out said hydrant within a reasonable time. The officer in charge of the fire shall be notified of this condition as promptly as possible.

II. FIRE ALARM BOX ESTABLISHED

Company commanders shall add the following fire alarm box to assignment cards for Box 1284. The circuit number will be announced when the box is installed.

George H. Paul
Chief of Department

GENERAL ORDERS
NO. 50

HEADQUARTERS, FIRE DEPARTMENT
BOSTON, NOVEMBER 12, 1971

I. FIRE FIGHTER JAMES F. DONEGHEY

It is with deep regret that the Fire Commissioner announces the death of Fire Fighter James F. Doneghey of Ladder Co. 30 on November 5, 1971, as the result of injuries received by a fall from the truck of Ladder Co. 30 while it was responding to a Still Alarm which was false, on November 4, 1971. Fire Fighter Doneghey was appointed to the department January 29, 1947.

The funeral was held from the Mann and Mann Funeral Home, 44 Perkins Street, Jamaica Plain at 0900 hours, Monday, November 8, 1971, followed by a Funeral Mass at the Blessed Sacrament Church, Jamaica Plain at 1000 hours.

The Chief of Department made the customary detail to act as funeral escort, and members of Ladder Co. 30 were excused to attend the services.

II. FIRE FIGHTER FREDERICK J. EGGERS

It is with deep regret that the Fire Commissioner announces the death on November 7, 1971 of Fire Fighter Frederick J. Eggers of Engine Co. 1. Fire Fighter Eggers was appointed to the department January 29, 1947.

The funeral was held from the William J. Higgins Funeral Home, 520 East Broadway, South Boston at 0800 hours, Thursday, November 11, 1971, followed by a Funeral Mass at the Gate of Heaven Church, South Boston at 0900 hours.

The Chief of Department made the customary detail to act as funeral escort, and members of Engine Co. 1 were excused to attend the services.

III. FIRE ALARM BOX INSTALLED

The following fire alarm box has been installed, and company commanders shall add it to circuit card #5:

13-1284 New England Telephone Company, 185 Franklin Street

IV. FIRE ALARM BOX ESTABLISHED

In the near future the following fire alarm box will be installed. Company commanders will add it to assignment cards for Box 1665. The circuit number will be announced when the box is installed:

17-1665 Bio-Chemistry Building, 818 Harrison Avenue

V. CHANGE IN DESIGNATION OF FIRE ALARM BOX

The designation of fire alarm Box 612 has been changed to read as follows, and company commanders shall make this change on the assignment cards:

612 Logan Airport, Control Tower

VI. HIGH COMMENDATION

At 2006 hours on October 24, 1971, the department responsed to Box 332, two alarms, for a fire in the Nightingale School on Park Street, Dorchester.

While the members of Engine Co. 12 were operating a 2 1/2" hose line in a third-floor classroom of the school which was involved in severe heat and heavy smoke, the entire ceiling, without any warning, collapsed on three members, sending Captain Edward P. Kenny sprawling into a hallway and trapping Fire Fighters Anthony Donatella and Donald J. LaPorte under the debris. Captain Kenny returned to the room, called out to the men, but did not receive any response He then dropped to the floor, and, upon directing his light into the debris, spotted a pair of boots worn by Fire Fighter LaPorte. He told him to come out, but Fire Fighter LaPorte said he was all right, but that Fire Fighter Donatella was trapped between the fallen ceiling and a desk top. Fire Fighter LaPorte worked feverishly in a very confined area and succeeded in freeing Fire Fighter Donatella. He then assisted him in getting out from under the debris. Both men were taken to the Boston City Hospital.

The foregoing rescue work was performed under difficult conditions at extreme personal risk to Fire Fighter LaPorte inasmuch as he was also injured.

The Fire Commissioner is pleased to highly commend Fire Fighter Donald J. LaPorte of Engine Co. 12 for his meritorious actions, and his case is referred to the Board of Merit for further consideration.

VII. LETTER OF THANKS

The following letter to members of the Boston Fire Department is published for their information:

"November 1, 1971

Gentlemen:

"We, the members of the Winthrop Chamber of Commerce wish to offer our thanks for the excellent assistance that you rendered to us during the recent fire that happened at Winthrop Center. It is nice to know that we have such good neighbors.

Sincerely yours,

Signed/ Byron E. Wasson, President
Winthrop Chamber of Commerce"

BY ORDER OF FIRE COMMISSIONER JAMES H. KELLY

Joseph L. Dolan
Acting Chief of Department

GENERAL ORDERS
NO. 51

HEADQUARTERS, FIRE DEPARTMENT
BOSTON, NOVEMBER 24, 1971

I. RULES AND REGULATIONS

As a result of the various gas mask studies involving hair and gas mask face seals, all of which indicate severe danger of leakage and possible serious health hazard, the following Rule is established in the Rules and Regulations of the Boston Fire Department:

"Rule 17.52. (a) Mustaches are permissible, provided they are neatly trimmed, and non-eccentric. The mustache shall not extend beyond a line perpendicular to the corners of the mouth, nor below a line horizontal with the corner of the mouth.

(b) Hair shall be well groomed, cut short or medium length and neatly trimmed. The hair outline shall follow the contour of the ear and slope to the back of the neck. The hair on the back of the head shall be tapered so as to conform to the contour of the head and shall not extend beyond an imaginary line, one-half inch above the collar.

(c) Sideburns shall be neatly trimmed, not exceed one inch in width, and shall not extend beyond the bottom of the ear lobe."

Members shall be clean shaven upon reporting for duty and shall remain clean shaven throughout their tour of duty. Beards, bushy sideburns, and eccentric hair styles are forbidden. Diagrams of the above-mentioned styles are being distributed with this order. It shall be the duty of the chief officers to see that the company officers enforce these Rules and Regulations.

II. FIRE FIGHTER BERNARD A. O'ROURKE

1. It is with deep regret that the Fire Commissioner announces the death on November 21, 1971 of Fire Fighter Bernard A. O'Rourke of Engine Co. 31. Fire Fighter O'Rourke was appointed to the department June 11, 1947.

2. The funeral was held from the John J. O'Connor Funeral Home, 740 Adams Street, Dorchester at 0900 hours, Wednesday, November 24, 1971, followed by a Funeral Mass in the Gate of Heaven Church, South Boston at 1000 hours.

3. The Chief of Department made the customary detail to act as funeral escort, and members of Engine Co. 31 were excused to attend the services.

III. CHANGE IN DESIGNATION OF FIRE ALARM BOX

1. The designation of fire alarm Box 2196 has been changed to read as follows, and company commanders will make the change on assignment cards:

2196 - Wayne Street, opposite #15

IV. CALL'S DATA

1. Call's Signal 271, now assigned to Paris Paper Box, 3293 Washington St., shall be changed to read as follows:

Signal 271 - Brookside Park Family Life Center, 3293 Washington Street

2. Notice has been received that the following Call's signal has been cancelled:

Signal 383 - Cable Raincoat Co., 72 Northampton Street

V. HIGH COMMENDATIONS

1. At 0407 hrs. on November 5, 1971, the department responded to a Still Alarm for a fire in the dwelling house at 24 Normandy Street, Dorchester. While enroute to the fire, Ladder Co. 23 received a radio call that two children were trapped in the burning building.

Fire Fighter James J. Ochs of Ladder Co. 23 entered the building through a front door, crawled beneath fire which was extending out of the front room and into the hallway, and entered a bedroom adjacent to the front room, groped around on the floor and located a small child partially under a bed. He picked up the child, made his way to the bedroom window and down a short ladder to the street. The child was placed in a police ambulance and was accompanied by Fire Fighter Ochs to the hospital. During the run, the child stopped breathing, and Fire Fighter Ochs administered mouth-to-mouth resuscitation with successful results. The doctors at the hospital stated that the prompt action of Fire Fighter Ochs saved the child's life.

The foregoing rescue work was accomplished before adequate ventilation had been effected or hose lines were in full operation.

Because of the fact that the work was performed under severe conditions of heat and smoke, and without regard for his own safety, the Fire Commissioner is pleased to highly commend Fire Fighter James J. Ochs, and his case is referred to the Board of Merit for further consideration.

2. At 1108 hrs. on November 16, 1971, the department responded to Box 2323 for a fire in the dwelling at 820 Beacon Street, Boston. When the apparatus arrived at the scene, fire was showing at the front windows on the second floor.

Fire Fighter Francis P. Byrne of Aerial Tower 2, while making his way up the stairway, encountered a man whom he led to safety. The man informed him that there was a woman trapped on the second floor. He reentered the building, ascended the front stairs to the second floor where he heard a woman screaming. Due to the intense heat and smoke, he was forced to crawl on his hands and knees along a hallway where he found a girl whom he dragged through the hallway and carried down the stairs to the street, where she was removed to the Beth Israel Hospital.

During the rescue work, Fire Fighter Byrne received burns on his hands, face, and neck. His fire coat was also burned as was his fire hat, which had fallen from his head. He was removed to the Beth Israel Hospital in a police ambulance, where he was admitted as a patient.

The rescue was effected while ventilation was being performed, before hose lines were in operation, and without the benefit of a gas mask.

Because of the fact that Fire Fighter Francis P. Byrne acted without thought of his own safety and at great personal risk, the Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

VI. COMMENDATION

Fire Alarm Operator William N. Ventura of the Fire Alarm Division and Fire Fighter on Probation Joseph F. Davies of Engine Co. 40 are hereby commended for responding to and working at fire, Box 6145, on November 16, 1971, while they were off duty.

I. RETIREMENT

1. The following retirement, in accordance with Section 5, Chapter 32, G. L. which will become effective at 0800 hrs. December 18, 1971 is hereby announced:

Fire Lieutenant John J. Sullivan Engine Co. 54

2. Fire Lieutenant Sullivan was appointed to the department July 16, 1937 and was promoted to the grade of Fire Lieutenant on February 4, 1947. He leaves the department with the best wishes of his associates.

II. EXAMINATION FOR PROMOTION TO DEPUTY FIRE CHIEF

1. Notice has been received from the Department of Civil Service that an examination for promotion to Deputy Fire Chief in this department will be held on January 2, 1972.

2. ELIGIBILITY: This examination is open to all permanent District Fire Chiefs in the Boston Fire Department who have been employed therein, after certification, for at least one year, prior* to the date of examination.

*Including periods, if any, during which the applicant was provisionally promoted therefrom, or temporarily appointed, after certification, to a position in a higher grade (G. L. C. 31, S. 15F).

3. DUTIES: Under general direction, to be responsible for the departmental operations during an assigned shift or in the absence of the Fire Chief; in accordance with the rules and regulations of the Boston Fire Department, to assume all the powers and duties of the Chief of the Fire Department during the latter's absence or disability; to perform administrative and supervisory work in assisting the Fire Chief with his various duties of office; and to perform related work as required.

Examples of duties: Having charge of division headquarters of the Fire Department and having control of apparatus and men in said division comprising several fire districts; responding to alarms of fire in his division and supervising operations at fires & other emergencies, directing work of officers and fire fighters; submitting reports to department headquarters on operations at fires and reporting on various other Fire Department matters; being responsible for efficiency and discipline of officers and members under his command; inspecting fire stations, uniforms of members, fire company records and submitting Annual Report concerning these matters; making inspections of buildings and other structures, in accordance with Fire Prevention Laws, when so directed by the Chief of Department or the Fire Commissioner, and performing related duties as required.

The following are required: Knowledge of General Laws, statutes, city ordinances, rules and regulations governing the Boston Fire Department, knowledge of departmental rules and regulations; knowledge of methods and procedures of administration and supervision of a fire department and ability in the practical application of such knowledge in exercising full authority of the position, knowledge

of fire fighing and life saving methods and techniques and ability to impart such knowledge in training programs; ability to maintain discipline and to obtain abedience to all laws, rules and regulations governing the fire department; ability to supervise, instruct, advise, direct and discipline subordinates in their duties, and in their association with one another requiring exercise of courteous demeanor and respectful manner, socially and officially; ability to observe, investigate, inspect, record findings, and carry out oral and written instructions; ability in personnel work including management, supervision, maintenance of records, budget; possession of a current license issued by the State Registry of Motor Vehicles and the ability to drive or operate any and all apparatus of the fire department; accountability and a sense of obligation and responsibility.

4. SUBJECTS AND WEIGHTS: Training and experience, 1; practical questions, 4; total, 5.

5. IMPORTANT: To receive credit for training, a person must submit proof of education by filing, at the time of examination, an official transcript of his training at a recognized college or university indicating the titles of the courses in which enrolled, the periods during which such courses were attended, and the number of semester hours credit (or its equivalent) received for courses successfully completed.

6. APPLICATIONS: Application blanks may be obtained from the Division of Civil Service, Room 148, State House, Boston, or James H. Kelly, Commissioner, Boston Fire Department, 115 Southampton St., Boston, Mass. When completed, applications should be sent to the Division of Civil Service, Room 148, State House, Boston. (In the space on the application provided for the "Exact title of position for which application is made," the word "Promotion" should be included). Notice of the time and place of examination and any necessary instructions will be sent to those having applications on file within the required time.

7. MILITARY ABSENTEES: Under the provisions of Chapter 708 of the Acts of 1941, as amended, persons unable to compete in a competitive promotional examination because of absence in military or naval service* may be given a qualifying promotional examination, if request in writing is made within six months after the termination of such service.

*Military or naval service refers to such service occurring between January 1, 1940 and the termination of the Selective Service Act of 1948; provided, however, that such service shall not be construed to include service for more than four years unless such further period of service in excess of four years was involuntary service required by the government of the United States, or unless such service in excess of four years was rendered prior to July 1, 1964, and such person was reinstated or re-employed on or before June 30, 1966.

8. Bulletins concerning the foregoing examination are being sent with this order for posting in all fire stations.

HEADQUARTERS, FIRE DEPARTMENT
BOSTON, DECEMBER 13, 1971

RULES AND REGULATIONS

The following changes shall be made in Rules & Regulations of the Boston Fire Department, effective at 0800, December 14, 1971. The present rules 50.11, 50.12, 50.13, 50.14 and 50.15 are rescinded and replaced with the following:

"Rule 50.11. The District Fire Chief on duty at the time, in the district where a paid detail is requested or required, shall make all the arrangements and handle all the specifics, including reports to Headquarters, relative to such paid details."

"Rule 50.12. In the case of a paid detail required by the District Fire Chief as a condition for approval of a license or permit, refusal to comply with such requirement or delinquency in making payments for said details, shall constitute grounds for disapproval of the application or suspension or revocation of an existing permit or license."

"Rule 50.13. The District Fire Chief shall arrange with the person, firm or corporation responsible as to the method of paying such details. Whenever possible detailed men shall be paid on a daily basis. If this method is not convenient, the District Fire Chief shall forward a Form 5A to Headquarters on a weekly basis containing the name and address of the person responsible for paying the detail, the location of the detail, its purpose, and the detailed members' names, ranks, companies, and amounts due.

In the event the person responsible for paying the detail does not have a permanent office in Metropolitan Boston, the District Fire Chief shall notify him that a certified check will be required at the beginning of each week to cover the proposed weekly cost. In the case of a paid detail continuing for a period longer than one week, arrangements shall be made to pay the detail at the end of each week. The District Fire Chief shall forward the required Form 5A to Headquarters at the end of each week. If such payment is not made, the detail will be terminated, and the Fire Prevention Division notified for proper action to correct the hazardous condition and enforce compliance with all laws and regulations relative thereto."

"Rule 50.14. At the time arrangements are being made for a paid detail, the District Fire Chief shall require the person responsible for payment of the detail to sign two copies of Paid Fire Detail Form which will constitute a legal agreement to pay for said detail at the rates specified therein. The original copy of Paid Fire Detail Form shall be forwarded to Headquarters and the second copy shall be kept on file in the District Fire Chief's Office."

"Rule 50.15. Except under extenuating circumstances, a person, firm, or corporation cannot be compelled to assume the expense of a paid detail to complete extinguishment or overhauling of a fire to which this department has responded. Where there would be an unusual risk to fire fighters, due to a possible building collapse or other hazardous condition, in entering a building to effect complete extinguishment, or for overhauling operations, or where Fire Department personnel and apparatus would be held at a location for an unusual and unreasonable length of time, the initial decision for determining the need for a paid detail under these circumstances shall be made by the Deputy Fire Chief on duty. The Deputy Fire Chief shall confer with the Chief of Department at his earliest convenience."

"Rule 50.16. The rate of pay for members of the uniformed force shall be as follows:

	Per Hour	Minimum	8 Hour Day
Deputy Fire Chiefs	$9.75	$39.00	$78.00
District Fire Chief	$8.75	$35.00	$70.00
Fire Captain	$7.75	$31.00	$62.00
Fire Lieutenant	$7.25	$29.00	$58.00
Fire Fighter	$6.75	$27.00	$54.00

There shall be a four-hour minimum on all paid details."

Rule 16.15 (c) will be changed by adding the words, "son or daughter-in-law" on line 5, after the word, "grandchild."

I. APPOINTMENT OF FIRE FIGHTERS ON PROBATION

1. The following named will be appointed to the position of Permanent Fire Fighters on Probation in this department to become effective at 0800, Wednesday, December 29, 1971:

Edmond V. Raymond, Jr.	to Rescue Co.
James F. Ford	to Ladder Co. 15

II. HIGH COMMENDATION

At 1915 hrs. on December 14, 1971, the department responded to an alarm from Box 1877 for a fire in the dwelling house at 86 Stoughton St., Dorchester.

Fire Fighter Harold R. Donovan of Engine Co. 21 was advancing a line up the stairway to the second floor front hallway when he heard moaning, and, in the light of the extending fire in the hallway, he found a woman lying on the floor. He crawled to her, dragged her to the stairway, and then carried her to the first floor entrance. She was removed to the Boston City Hospital suffering from smoke inhalation and burns.

It appears that Fire Fighter Donovan's quick action, in all probability, saved her life. The rescue was performed under severe conditions of smoke and fire.

Inasmuch as Fire Fighter Donovan performed the rescue work at great personal risk, and without thought of his own safety, the Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

III. COMMENDATIONS

The following-named members are hereby commended for responding to and working at fire, Box 6118 (2 alarms) on December 19, 1971, while off duty:

Fire Fighter John A. Wyatt	Engine Co. 5
