III. HIGH COMMENDATIONS

On November 14, 1981, Box 5286 was struck for an alarm of fire at 46 Litchfield Street, Brighton.

Upon arrival of Car 11, heavy fire was showing from the entire front of the house. Firefighter Robert Gorman (Aide to D-11) was informed of a woman trapped inside the burning dwelling.

Before the arrival of apparatus, Firefighter Gorman ran to the rear of the house and kicked in the kitchen door to gain entrance and conducted his search for the woman. He located her beyond the kitchen area, lying under burning debris. He then removed the debris and carried her to the outside where C.P.R. was performed before transportation to the hospital. The victim had sustained burns to the arms and body.

While performing this rescue, Firefighter Gorman received burns to his arms and strained his back.

Because Firefighter Robert Gorman performed this act with great personal risk exemplifying a tradition of our profession, the Fire Commissioner/Chief is pleased to commend Firefighter Robert Gorman (Aide to D-11) and refers his case to the Board of Merit for further consideration.

On December 30, 1981 at 0133 hours, Rescue Company 1 responded to the Broadway Bridge on report of a person threatening to jump.

Upon arrival, a man was observed on the top girder of the bridge seventy feet above the water.

Fire Lieutenant John McKenna of Rescue Company 1 immediately climbed the girders to close proximity of the victim where for twenty minutes, talked to the man successfully calming him down and talked him into descending the high girders under his guidance.

Because Fire Lieutenant John McKenna of Rescue Company 1 exposed himself to great personal risk in climbing said structure and prevented the attempt to jump, the Fire Commissioner/Chief is pleased to commend Fire Lieutenant John McKenna of Rescue Company 1 for his immediate action and refers his case to the Board of Merit for further consideration.

IV. HAZARDOUS BUILDING

The premises located at 538 and 540 Talbot Avenue, District 8, are unsafe for inside fire fighting operations, due to lack of inside stair railings, holes in floors and debris blocking normal egress.

This property has been posted.

Extreme caution should be taken at all times during fire fighting operations at this location.

V. HIGH COMMENDATION

On January 23, 1982, at 1942 hours, Box 612 was struck for an incident involving a plane crash at Logan Airport.

While investigating conditions aboard the plane, Deputy Fire Chief Gerald Hart noticed a marker light bobbing in the water off the portside of the plane. Unable to determine from a distance what the object was, he questioned Logan Firefighters as to whether or not markers had been placed in the waters. He was informed that no such action had been taken.

Fire Lieutenant George Sacco of Ladder Company 2 was also aboard the plane investigating and immediately went down the escape chute to the waters edge and reported a woman in the water a distance from the plane. Removing the necessary fire clothing he went into the freezing water, swimming through floating debris and ice particles until he reached the victim in a life jacket.

With considerable effort under difficult conditions, he was able to bring her ashore where she was taken to the hospital and found to be suffering from exposure with a body temperature of only 83 degrees.

Because of Lieutenant George Sacco's quick action under trying conditions which undoubtedly saved this woman's life and because his action was performed at great personal risk, the Fire Commissioner/Chief is pleased to commend Fire Lieutenant George Sacco, Jr. of Ladder Company 2 and refers his case to the Board of Merit for further consideration.

Dear Commissioner:

"I want to thank you and your men for a very efficient, courteous, expeditious and considerate job of putting out a fire that occurred at my home on Sunday, January 10, 1982 at 180 Kennebec Street, Mattapan.

"It was a very frightening experience for me and my family and thanks to the fire fighters, it was over in no time. Please accept my gratitude and let these men know how they are appreciated. These men are a credit to the deparment and to the City of Boston.

Sincerely,
S/Frances M. Pacino"

Dear Commissioner:

"I'm writing you concerning the fire at Blanchard Street in Roxbury in the early morning hours of February 19, 1982.

"I am the owner of the property on 64 Bartlett Street, on the corner of Blanchard Street. My father passed away in January and we are in the process of selling the property. My oldest son is still living on the premises.

"At three o'clock in the morning I got a call that he might have to evacuate the house because of the fire next door. At about three thirty, he called again to assure me that the Fire Department had wet our house down well enough and had the fire under control. I have always had the greatest respect for our fire fighters and this action on the part of your department has only strengthened my belief.

Sincerely,
S/Bob Maurin"

While Engine Company 53 proceeded to advance and extinguish the main body of fire, Lieutenant Gaspere Panciocco of Ladder Company 28 made his way to an area beyond the main body of fire to a rear bedroom and led two women to safety who were reluctant to leave because of the intense smoke and heat conditions.

Because Lieutenant Panciocco acted in a quick and efficient manner, exemplifying a tradition of this department, the Fire Commissioner/Chief is pleased to commend Fire Lieutenant Gaspere Panciocco of Ladder Company 28 and makes this commendation a part of his personnel folder.

III. LETTER OF THANKS

Dear Commissioner Paul:

"I'm writing to commend the men of Engine Company 2 and Ladder Company 19 for their quick action. On Wednesday, March 24, my nine month old son had a button caught in his mouth while walking on Broadway in South Boston. The fire trucks with Fire Lieutenant Graul in charge responded within three minutes. The baby was breathing the entire time, but they did come and keep the situation calm until an ambulance arrived fifteen minutes later. They had all equipment ready in case the button did move into my baby's airway.

"I have thanked them, and would also want you to be aware of their quick action. Thank You.

S/Martha C. Burke"

GENERAL ORDERS
NO. 34

HEADQUARTERS, FIRE DEPARTMENT
MAY 19, 1982

BOARD OF MERIT

The Board of Merit, consisting of the Fire Commissioner/ Chief of Department and the Deputy Fire Chiefs, has considered all meritorious acts referred to it for the year 1981. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner/Chief of Department.

1. Case of Fire Fighter John F. Carey - Ladder Company 28
Fire Fighter Richard M. Feeley-Ladder Company 28

On January 10, 1981, at 0227 hours, Ladder Company 28 responded to Box 3736 (2 alarms) struck for a fire at 752 Metropolitan Avenue. Upon arrival, heavy smoke was issuing from a four story, forty unit apartment with the rear stairway completely engulfed in heavy fire from the basement to the roof.

Being informed that people were still in the building and before fire suppression operations had begun, Fire Fighters John F. Carey and Richard M. Feeley of Ladder Company 28 immediately entered the front door to conduct a search for victims.

After removing some tenants from the first floor, Fire Fighter Carey went to the second floor and Fire Fighter Feeley to the third. Fire Fighter Feeley came upon two women on the third floor (one unconscious) and called to Fire Fighter Carey for assistance. Both women were removed to the street and taken to the hospital and treated for smoke inhalation.

The Fire Commissioner/Chief highly commended Fire Fighter John F. Carey and Fire Fighter Richard M. Feeley of Ladder Company 28 in General Orders #10 of 1981.

The Board recommends that the names of

Fire Fighter John F. Carey - Ladder Company 28
Fire Fighter Richard M. Feeley - Ladder Company 28

be placed on the Roll of Merit.

2. Case of Fire Fighter Joseph M. Gilmore Engine Company 18

On June 3, 1981, Engine Company 18 responded from their covering assignment at Engine Company 21 to an inside fire at 184 Monticello Avenue. Upon arrival, they were informed of an elderly woman trapped on the sixth floor.

Fire Fighter Joseph M. Gilmore, Jr. of Engine Company 18 immediately went over the interior stairway to the sixth floor where heavy smoke was visible. Fire Fighter Gilmore began a search of the entire apartment, passing extreme heat and fire when he found the woman on the floor of a rear bedroom. He then placed his face piece on her and removed the victim to the street to Health & Hospital technicians to perform the necessary first aid.

Because Fire Fighter Joseph M. Gilmore, Jr. of Engine Company 18 performed this act unassisted with great personal risk and before ventilation or fire operations commenced, the Fire Commissioner/Chief highly commended him in General Orders #58 of 1981.

The Board recommends that the name of Fire Fighter Joseph M. Gilmore, Jr., Engine Company 18, be placed on the Roll of Merit.

3. Case of Fire Lieutenant Henry T. Hickey - Ladder Company 15 (detailed to the Fire Prev. Div.)

Fire Fighter (Inspector) Michael F. King - Fire Prevention Division

On September 26, 1981, at 1300 hours, while patrolling District #7, Fire Lieutenant Henry Hickey and Inspector Michael F. King of the Arson Squad observed an elderly man being assaulted and robbed opposite #27 Hancock Street, Dorchester. The victim was being mugged and the suspect was holding a six inch knife to his throat. Fire Lieutenant Hickey alighted from the Arson Squad vehicle, photographed the suspect and victim, then proceeded to assist the victim. The suspect scuffled with Fire Lieutenant Hickey, broke away, then fled on foot to a nearby building.

Inspector King notified Fire Alarm to call the Boston Police Department and kept a running report of the sequence of events. The Police arrived and with their assistance, Fire Lieutenant Hickey apprehended the suspect, who was arrested, charged and released on bail.

The Fire Commissioner/Chief highly commended Fire Lieutenant Henry T. Hickey and Inspector Michael F. King for their quick actions which probably saved the victim from serious injury in General Orders #92 of 1981.

O'Neil of Ladder Company 24 who fell several stairs to a landing.

Fire Fighter O'Neil maintaining presence of mind, went immediately back upstairs to assist Fire Lieutenant Ennis to smother fire on his arms and chest and dragged Lieutenant Ennis to a landing out of danger and put out fire in the leg area preventing more serious burns. Fire Fighter O'Neil received burns and multiple injuries and was removed to the hospital along with Lieutenant Ennis.

The Fire Commissioner/Chief highly commended Fire Fighter John F. O'Neil of Ladder Company 24 in General Orders #98 of 1981 because the above act was performed at extreme personal risk without benefit of a charged line and disregard for his own safety.

Hale of Engine Company 24 and Fire Fighter William J. McCarthy, Ladder Company 23, detailed to Rescue Company 2, given a hand lift by fellow members, entered the heavily charged rooms executing a diligent search, found the two children unconscious on the floor.

Upon arrival of Car 11, heavy fire was showing from the entire front of the house. Fire Fighter Robert T. Gorman, Aide to District 11, was informed of a woman trapped inside the burning dwelling.

Before the arrival of apparatus, Fire Fighter Gorman ran to the rear of the house and kicked in the kitchen door to gain entrance and conducted his search for the woman. He located her beyond the kitchen area, lying under burning debris. He then removed the debris and carried her to the outside where C.P.R. was performed before transportation to the hospital. The victim had sustained burns to the arms and body.

While performing this rescue, Fire Fighter Gorman received burns to his arms and strained his back.

The Fire Commissioner/Chief highly commended Fire Fighter Robert T. Gorman, Aide to District 11, in General Orders #9 of 1982 for performing this act with great personal risk.

V. LETTER OF THANKS

Dear Commissioner Paul:

"On behalf of the Board of Directors of the Jamaicaway Tower and Townhouses Cooperative Housing Corporation, I wish to extend thanks to all the firemen who assisted us as a result of a fire on May 15, 1982. The situation was a potential disaster which was avoided in large part to the skill of the firemen in addition to the inherent structure of the building. The firemen helped to keep a panic situation from occurring by calmly telling the residents what was happening and what to do. These men risked their lives for us as they do for all the people of Boston. We want them to know that we are most grateful and appreciative.

Very truly yours,
