

**GENERAL ORDER  
NO. 1**

**HEADQUARTERS, FIRE DEPARTMENT  
JANUARY 3, 2000**

**I. COMMENDATION**

The devastating fire that occurred on December 3, 1999 in the city of Worcester will be recorded in history as one of the worst tragedies for the fire service. The six firefighters who died in the line of duty, while performing search and rescue operations, will forever be remembered for their courage, selfless dedication and love for their fellowman.

The outpouring of support and love that was demonstrated at the Memorial Service with the overwhelming presence of the thousands of firefighters from across New England and the world hopefully helped to ease the pain and heartbreak for their families and fellow firefighters. My thanks to every member of the department, active and retired, who took the time to attend the services for these six fallen firefighters.

A special thank you to the chief officers, company officers and firefighters who responded to the scene of the fire to assist in the round the clock search and recovery operation for these six firefighters. I highly commend each member of the technical rescue team for the commitment, courage and perseverance that you demonstrated during this entire painstaking emotional operation. Because of your training, unselfish devotion to duty and compassion, there is some closure for the families, firefighters and people of Worcester.

To all the members of the line of duty funeral committee, who for two weeks assisted with the Memorial Service and the six individual funerals, my heartfelt thanks.

Special recognition must be made of the work of Lieutenant Michael Walsh of Ladder Company 17, Fire Alarm Operator Ralph Dowling of the Emergency Management Division and Fire Fighter/Public Information Officer Stephen MacDonald. Their efforts in coordinating the Memorial Service, procession and local and national media were outstanding. They put together a tribute that the families and those in the fire service will never forget. In doing so, they reflected greatly upon this department. My thanks to them. My appreciation goes out to Fire Lieutenant William Ostiguy and all the members of the Critical Incident Stress Debriefing Team who responded so quickly and provided the necessary assistance and professional care for the families, firefighters and friends in their time of need.

This tragedy in Worcester was a worst case scenario, a shocking reminder that all firefighters live on the edge of danger with the knowledge that any call might be their last. Our thoughts and prayers are with these six men and their families in the days and months ahead.

#### IV. HIGH COMMENDATIONS

1) On October 26, 1999, at 0053 hours, Box 731 was struck for a building fire in a rooming house at 503 East Broadway, District 6. Upon arrival Engine Company 2 observed heavy fire showing from a top floor window near the rear of the building. An initial line had been run up the front stairwell by Engine Company 39. Fire Lieutenant Ronald J. Savicke ordered a line run down an alley to the rear of the building. It was observed that a fire escape led straight to the top floor. Members of Engine Company 2 advanced the line up the fire escape and moved through the window into the hallway where they encountered intense heat and heavy smoke. At this time they realized the second means of egress had been cut off by a heavy volume of fire.

As the pipeman, Fire Fighter James P. MacDonald was battling the fire, Fire Lieutenant Ronald J. Savicke and Fire Fighter John J. McGrath conducted a primary search and found an unconscious, severely burned woman lying on the floor. They removed her to the window where they had entered and were met by members of Rescue Company 1 who assisted them in taking her to the ground. She was in critical condition and in a coma for a long period of time. She has recovered sufficiently to be released from the hospital soon.

Because their actions were performed at great personal risk, the Fire Commissioner is pleased to highly comment Fire Lieutenant Ronald J. Savicke, Fire Fighter James P. MacDonald and Fire Fighter John J. McGrath, all of Engine Company 2, and refers their case to the Board of Merit for further consideration.

2) On January 20, 2000, Fire Fighter Dennis Dixon, Ladder Company 19, while on his way to work at 0655 hours, came upon a building fire at 323 Geneva Avenue, District 7. He instructed the neighbors to call 911 and entered the fire building with heavy smoke and fire showing from the first floor. He was unable to open the apartment door on the first floor and exited the building. After breaking a first floor window to reach the occupants, he was informed by neighbors that the first floor tenants had left for the day but the second floor tenants were still in the building. Fire Fighter Dixon reentered the building, broke the second floor apartment door and located two tenants. He escorted them to the safety of the street. He then assisted Engine Company 17 with their front suction and advancing their attack line.

Because his actions were performed at great personal risk and without the benefit of breathing apparatus, adequate ventilation or a charged line, the Fire Commissioner is pleased to highly commend Fire Fighter Dennis Dixon of Ladder Company 19, and refers his case to the Board of Merit for further consideration.

## V. COMMENDATIONS

1) The Fire Commissioner is pleased to commend Fire Fighter Thomas K. Sylvester, Ladder Company 4, who on December 17, 1999, at 155 Northampton Street, discovered an unconscious male on the kitchen floor. He removed his facepiece and placed it on the victim, removing him through heavy smoke to a safe location where the victim regained consciousness. He monitored the victim's vital signs until paramedics relieved him. The victim was removed to the hospital at that time. This commendation shall be made part of his personnel file.

2) The Fire Commissioner is pleased to commend Working Foreman Kevin McCarey, Emergency Management Division, who on January 14, 2000, came upon an automobile accident at Hyde Park Avenue and Cummins Highway. He pulled the fire box, conducted a primary survey of the injuries and kept the patient immobile to prevent further injury until the arrival of apparatus. This commendation shall be made part of his personnel file.

BY ORDER OF FIRE COMMISSIONER MARTIN E. PIERCE, JR.

**GENERAL ORDER  
NO. 6**

**HEADQUARTERS, FIRE DEPARTMENT  
FEBRUARY 25, 2000**

**I. FIRE FIGHTER THOMAS L. FINN  
RESCUE COMPANY 1**

It is with deep regret that the Fire Commissioner announces the death of Fire Fighter Thomas L. Finn, Rescue Company 1, on February 4, 2000. Fire Fighter Finn was appointed to the department on November 11, 1970.

The funeral was held from the McHoul Funeral Home, 354 Adams Street, Dorchester, at 0900 hours, Wednesday, February 9, 2000, followed by a Funeral Mass at Saint Margaret's Church, 800 Columbia Road, Dorchester, at 1000 hours.

The Fire Commissioner made the customary detail to act as funeral escort and members of Rescue Company 1, Divisions 1 and 2, Personnel Division, Headquarters Division, Fire Prevention Division, Training Maintenance and Research Division, Emergency Management Division, Special Projects Division and the Honor Guard attended the service.

**II. RETIREMENTS**

The retirements of the following named members in accordance with the provisions indicated, will become effective at 1700 hours, February 29, 2000:

Fire Lieutenant Robert J. Rumsis	Emergency Management Div.	S5, C32, M.G.L.
Fire Fighter Joseph P. Lordan, Jr.	Fire Brigade	S5, C32, M.G.L.
Fire Fighter Eric A. Singleton	Engine Company 41	S6 C32, M.G.L.

Fire Lieutenant Rumsis was appointed to the department on September 9, 1964, and promoted to Fire Lieutenant on September 14, 1983. Fire Fighter Lordan was appointed to the department on July 27, 1966. Fire Fighter Singleton was appointed to the department on January 18, 1978.

All of these members leave the department with the best wishes of their associates.

## V. COMMISSIONER'S UNIT CITATION

On January 29, 2000, at 0519 hours, Engine Company 8, Engine Company 10, Ladder Company 1 and Rescue Company 1 responded to an automobile accident near the entrance of the Callahan Tunnel beneath the north bound side of the Central Artery.

Upon arrival, the responding companies were notified by a State Police Officer on the scene that two passenger vehicles had driven through a jersey barrier retaining wall and had dropped 50 feet into a large (50' x 200') Central Artery Project construction hole. One vehicle had landed on its roof, trapping one victim inside.

In the ensuing hour and 30 minutes it took to extricate the victim, members labored in 5 degree temperature, in ice and mud which was in some areas waist deep, and with a 4200 pound section of jersey barrier held up by a piece of rebar hanging 50 feet above them.

Because their actions were performed under extremely difficult conditions including basic life support, technical rescue and extrication which required a level of initiative and teamwork above and beyond what is encountered in normal incidents, the Commissioner's Unit Citation shall hereby be awarded to the following members:

Fire Lieutenant Dennis Keeley	Engine Company 10
Fire Fighter Kevin Brooks	Engine Company 10
Fire Fighter David Humphrey	Engine Company 10
Fire Fighter Patrick McDonough	Engine Company 10
Fire Captain James Morrison	Rescue Company 1
Fire Fighter Robert Culbert	Rescue Company 1
Fire Fighter Robert Dean	Rescue Company 1
Fire Fighter Lawrence MacDougall	Rescue Company 1
Fire Fighter Anthony Masiello	Engine Company 10 (detailed to R-1)
Fire Lieutenant Charles Doherty	Ladder Company 1
Fire Fighter James Gallagher	Ladder Company 1
Fire Fighter Melvin Ashley	Ladder Company 1
Fire Fighter Russell Boone	Ladder Company 1
Fire Fighter Ronald Ridings	Ladder Company 1
A/Fire Captain Norman Earnest	Engine Company 56 (detailed to E-8)
Fire Fighter Steven McLaughlin	Engine Company 8
Fire Fighter Robert Wong	Engine Company 8
Fire Fighter Joseph Mullen	Engine Company 8
Fire Fighter Donald Oliver	Aide to District 3

## **VI. HIGH COMMENDATION**

On January 8, 2000, Box 3553 was struck for a building fire at 22 West Selden Street, District 8. Heavy fire was showing from the first and second floors upon arrival of apparatus. Ladder Company 29 was informed that someone was still inside the building. Fire Captain William J. Meyer, Fire Fighter Kevin B. Garry and Fire Fighter Levi Harris, all members of Ladder Company 29, entered the rear of the building which was heavily charged with heat and smoke. They found an elderly man unconscious on the kitchen floor. As they exited, the victim stopped breathing and CPR was started. The victim was transported to the Boston Medical Center and later transferred to the hyperbaric chamber at the Massachusetts General Hospital.

Because their actions undoubtedly saved this man's life, at great personal risk, the Fire Commissioner is pleased to highly commend Fire Captain William J. Meyer of Ladder Company 29, Fire Fighter Kevin B. Garry of Ladder Company 29 and Fire Fighter Levi Harris of Ladder Company 29, and refers their case to the Board of Merit for further consideration.

BY ORDER OF FIRE COMMISSIONER MARTIN E. PIERCE, JR.

**GENERAL ORDER  
NO. 9**

**HEADQUARTERS, FIRE DEPARTMENT  
FEBRUARY 28, 2000**

**RETIREMENT**

The retirement of Fire Commissioner and Chief of Department Martin E. Pierce, Jr., in accordance with the provisions of S5, C32, G.L., will become effective 1700 hours, Tuesday, February 29, 2000.

Fire Commissioner and Chief of Department Pierce was appointed to the department February 19, 1969, promoted to Fire Lieutenant October 17, 1973, promoted to Fire Captain October 27, 1976, promoted to District Fire Chief August 25, 1982, promoted to Deputy Fire Chief December 3, 1986, and appointed Fire Commissioner and Chief of Department January 4, 1991.

Fire Commissioner and Chief of Department Martin E. Pierce, Jr. leaves the department with the best wishes of his associates.

To all of the Members:

It has been a privilege for me to serve the people of this city and to be given the opportunity to lead the finest fire department in the nation. I shall never forget the men and women, uniformed and civilian, of the Boston Fire Department who throughout my service have repeatedly demonstrated that they are truly the best and bravest of the brave.

One of the proudest moments in my life was the day I was appointed to the Boston Fire Department as a firefighter. In my opinion, there is no greater compliment than to be called a firefighter for it is a noble life's work. My sense of pride and love for this profession has grown stronger through the years and will remain with me forever.

I know that each of you will continue to serve and protect all the people of this city with the same enduring commitment, courage and compassion that you have displayed throughout my tenure and indeed for the past 322 years of this department's rich history and proud tradition.

My thanks for your cooperation, support and selfless dedication to your calling while I served as your Fire Commissioner and Chief of Department. These past 31 years have been an honor and a fulfillment of a life long ambition for me.

My sincere best wishes to each of you and your families for good health, happiness and all the best that life has to offer, and above all, stay safe.

MARTIN E. PIERCE, JR.  
Fire Commissioner/Chief of Department

BY ORDER OF FIRE COMMISSIONER MARTIN E. PIERCE, JR.

**GENERAL ORDER  
NO. 11**

**HEADQUARTERS, FIRE DEPARTMENT  
MARCH 7, 2000**

**I. FIRE LIEUTENANT ROBERT J. GREENE  
LADDER COMPANY 19**

It is with deep regret that the Fire Commissioner announces the death of Fire Lieutenant Robert J. Greene, Ladder Company 19, on February 25, 2000. Fire Lieutenant Greene was appointed to the department on October 31, 1979.

The funeral was held from the John J. O'Connor & Son Funeral Home, 740 Adams Street, Dorchester, at 1000 hours, Saturday, March 4, 2000, followed by a Funeral Mass at Saint Gregory's Church, 2215 Dorchester Avenue, Dorchester, at 1100 hours.

The Fire Commissioner made the customary detail to act as funeral escort and members of Ladder Company 19, Divisions 1 and 2, Personnel Division, Headquarters Division, Fire Prevention Division, Training Maintenance and Research Division, Emergency Management Division, Special Projects Division and the Honor Guard attended the service.

**II. PROMOTIONS TO FIRE LIEUTENANT**

The following named members were promoted to Fire Lieutenant and transferred to the Personnel Division effective 0800 hours, March 4, 2000:

Fire Fighter	
Jean N. Semexant	Engine Company 29
Fire Fighter	
Joseph H. Roach	Engine Company 4

**III. COMMISSIONER'S UNIT CITATION**

On February 11, 2000, at 0833 hours, Box 6186 was struck for a building collapse at 287 Lexington Street, District 1.

Acting District Chief Peter P. Pearson observed the building slate roof had collapsed into the second floor of this 2½ story dwelling that was undergoing extensive renovations. This condition caused the second floor walls to collapse outward. It was then reported to him that two workers were trapped on the second floor. He notified the Fire Alarm Office, confirmed the response of the Collapse Unit and set up a collapse zone.

Engine Company 5 and Ladder Company 2 performed a site survey and entered the building, cautiously making their way to the second floor where they located two injured workers trapped under the slate roof. While Engine Company 5 treated the worker's injuries, Ladder Company 2 used their tools and lumber that was located on the second floor and began the process of shoring the building to prevent a secondary collapse.

**COMMISSIONER'S UNIT CITATION (CONTINUED)**

Engine Company 9 and Ladder Company 21 raised two 35 foot ground ladders at the rear of the building to provide an emergency escape route. Ladder Company 21 then proceeded with additional equipment to help extricate the injured workers. Engine Company 9 monitored the building and prepared to provide additional equipment to members operating inside the building.

Engine Company 3 and Engine Company 56 evacuated all of the occupants of exposures 2 and 4. Engine Company 3, Engine Company 56 and Ladder Company 17 remained at the exposure 1 side of the building to monitor and provide additional equipment to members operating inside the building.

Rescue Company 1 and Rescue Company 2 assisted the ongoing efforts of shoring the building and the extrication and removal of the two injured workers. A 50 foot ground ladder was raised to expedite the removal. After the removal, all Fire Department personnel were ordered to exit the collapsed building and roll call was conducted. The building was then declared unsafe and was ordered to be razed.

The exceptional teamwork that these companies demonstrated resulted in the successful extrication and removal of the two injured workers without further collapse of the building or injury to the rescuers. Therefore, the Commissioner's Unit Citation shall hereby be awarded to the following members:

A/District Fire Chief Peter Pearson	Ladder Company 24 (detailed to D-1)
Fire Fighter Joseph Hourihan	Aide to District 1
Fire Captain Paul Reynolds	Engine Company 3
Fire Fighter William Gottwald	Engine Company 3

**III. COMMENDATION**

The Fire Commissioner is pleased to commend Fire Fighter James J. Kenney, Ladder Company 14, who on March 9, 2000, while off duty, responded to a second alarm building fire at 311 North Harvard Street, District 11. He assisted in running lines which prevented extension of the fire. This commendation shall be made part of his personnel file.

#### **IV. HIGH COMMENDATION**

On February 12, 2000, at 2034 hours, Box 1772 was struck for a building fire at 231 Quincy Street, District 7. Upon arrival of the first units, smoke was showing and fire fighters were informed by occupants that everyone was out of the building. Engine Company 21 ran a line to the first floor and found a heavy fire and smoke condition. Engine Company 17 was ordered to run a backup line for Engine Company 21 and Ladder Company 7 to start ventilation on the first floor. Ventilation was very difficult because of the presence of security screens. The entire building was now fully charged with heavy smoke.

At this time, Fire Lieutenant Joseph G. McNulty, Engine Company 17, after placing his line in a backup position, ascended the stairs to the second floor to search for fire extension. While conducting this search, he found a child on the floor in the living room. He removed his face piece and placed it on the child and under extreme heat and heavy smoke he made his way out of the apartment, descended the stairs and removed the four year old girl to the street. He then returned to the fire building and resumed his firefighting duties.

Because this rescue was performed under rapidly deteriorating fire conditions and prior to proper ventilation, Fire Lieutenant McNulty placed himself in extreme personal risk. The Fire Commissioner is pleased to highly commend Fire Lieutenant Joseph G. McNulty of Ladder Company 7, and refers his case to the Board of Merit for further consideration.

**BY ORDER OF ACTING FIRE COMMISSIONER DENNIS A. DIMARZIO**

Paul A. Christian, Chief of Department

**GENERAL ORDER  
NO. 19**

**HEADQUARTERS, FIRE DEPARTMENT  
MAY 16, 2000**

**BOARD OF MERIT**

The Board of Merit, consisting of the Fire Commissioner and the Deputy Fire Chiefs, has considered all meritorious acts referred to it during the year 1999. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

**1. Gerard J. Molito Award for Professional Excellence  
District Fire Chief Paul T. Burke, Fire Prevention Division**

District Fire Chief Paul T. Burke, Fire Prevention Division, has invested a great deal of personal time and energy developing fire prevention safety programs. These programs have addressed the importance of fire prevention and stressed fire safety for both civilians and fire department members. He was instrumental in developing a city wide inspection program which targeted schools, day care centers, nursing homes and elderly housing which greatly improved the number and quality of inspections conducted. In addition to providing structure, this inspection program provides educational and technical support for those members conducting these inspections. He has used his expertise in fire prevention to develop fire safety and evacuation plans for many of the largest construction and renovation projects throughout the City of Boston, increasing the level of safety for those individuals who work at these sites as well as decreasing the hazards facing members of the Boston Fire Department who respond to these locations.

The Board recommends that District Fire Chief Paul T. Burke of the Fire Prevention Division be awarded the Gerard J. Molito Award for Professional Excellence.

**2. Gerard J. Molito Award for Professional Excellence  
District Fire Chief Gerard T. Fontana, District 10**

District Fire Chief Gerard T. Fontana, District 10, improved the capability of the Boston Fire Department Haz Mat Decontamination Program and developed a Standard Operating Procedure to deal with the consequences of a terrorist incident. He and other Boston Haz Mat officers designed a decontamination vehicle that enables victims to be treated without being exposed to the weather or having to remove contaminated clothing without privacy. He researched what would be needed to provide mass decontamination to possibly hundreds of people, and what would be needed to allow fire fighters and other first responders in the city to operate at a terrorist or major hazardous material incident. He wrote the plan that standardizes the terrorist incident response of Boston Fire Fighters and provided for training fire companies outside of Boston in the Metro Fire Community so they can respond on mutual aid and provide a vital service to the citizens in the Metro area.

The Board recommends that District Fire Chief Gerard T. Fontana of District 10 be awarded the Gerard J. Molito Award for Professional Excellence.

### **3. Case of Fire Fighter David S. Lang, Fire Brigade**

On April 26, 1999, while off duty at a health club in Norwood, he was notified of a fire in the building. He found a heavy fire condition in the sauna area in the basement. After assuring all people were out of the basement, he located a fire extinguisher and attempted to control the fire. The smoke conditions became untenable and while backing out he fell and fractured his leg but directed fire fighters to the area of the fire.

Because his actions were performed at great personal risk, the Fire Commissioner highly commended Fire Fighter David S. Lang of the Fire Brigade in General Order No. 20 of 1999.

The Board recommends that Fire Fighter David S. Lang of the Fire Brigade be awarded the Distinguished Service Award.

### **4. Case of Fire Fighter John Merlino, Ladder Company 17**

On May 11, 1999, while on vacation in Aruba, he heard cries from the beach of a person drowning. He responded and found a 70 year old man face down in the water. He pulled the unconscious man to the shore with the help of another vacationing fire fighter from out of state. The victim had no detectable pulse or respiration and his skin was blue. They began CPR and continued for fifteen minutes before he was able to breathe on his own.

Because of his actions the man survived, and the Fire Commissioner highly commended Fire Fighter John Merlino of Ladder Company 17 in General Order No. 20 of 1999.

The Board recommends that Fire Fighter John Merlino of Ladder Company 17 be awarded the Distinguished Service Award.

### **5. Case of Fire Fighter David Crespo, Engine Company 14**

On July 31, 1999, while off duty, he responded to a cardiac arrest at 100 West Dedham Street, South End. Upon arrival of apparatus they were directed by the victim's daughter to where her father lay. They found the off duty fire fighter assisting in CPR, bringing the patient's breathing back and calming the patient's daughter in an emotionally charged atmosphere.

Because of his actions the man survived, and the Fire Commissioner highly commended Fire Fighter David Crespo of Engine Company 14 in General Order No. 25 of 1999.

The Board recommends that Fire Fighter David Crespo of Engine Company 14 be awarded the Distinguished Service Award.

#### **6. Case of Troy T. Osgood, Engine Company 41**

On September 14, 1999, while off duty, he discovered a man lying on the sidewalk at the Copley Square Library. He conducted a primary survey and found the man had stopped breathing. After obtaining a CPR microshield and medical gloves from nearby MBTA personnel, he performed a mouth sweep for obstructions followed by rescue breaths. Further survey found the patient was pulseless so chest compressions were performed. He continued CPR until relieved by on duty Fire and EMS personnel.

Because of his dedicated actions, the Fire Commissioner highly commended Fire Fighter Troy T. Osgood of Engine Company 41 in General Order No. 30 of 1999.

The Board recommends that Fire Fighter Troy T. Osgood of Engine Company 41 be awarded the Distinguished Service Award.

#### **7. Case of Fire Fighter William Benevelli, Rescue Company 2**

On October 3, 1999, while off duty and visiting in Stamford, Connecticut, he was notified of a neighbor who had collapsed on the lawn next door, unconscious and not breathing. He responded and began CPR with the assistance of his brother and continued until the arrival of the Fire Department. The man was then shocked and a pulse was detected.

Because of his dedicated actions, the Fire Commissioner highly commended Fire Fighter William Benevelli of Rescue Company 2 in General Order No. 30 of 1999.

The Board recommends that Fire Fighter William Benevelli of Rescue Company 2 be awarded the Distinguished Service Award.

#### **8. Case of Fire Lieutenant James V. Boyle, Engine Company 37**

On November 16, 1999, while off duty, he was notified by a neighbor to help with his father who had passed out at the kitchen table. He quickly performed a patient assessment and determined the man was in cardiac arrest. He immediately began CPR in those first critical minutes and continued until the arrival of apparatus and Boston EMS.

Because of his dedicated actions, the Fire Commissioner highly commended Fire Lieutenant James V. Boyle of Engine Company 37 in General Order No. 32 of 1999.

The Board recommends that Fire Lieutenant James V. Boyle of Engine Company 37 be awarded the Distinguished Service Award.

#### **9. Case of Fire Lieutenant Ronald J. Savicke, Engine Company 2**

On October 26, 1999, at a building fire at 503 East Broadway, South Boston, he ascended a rear fire escape to the third floor, crawled down the hallway where the second means of egress was cut off by heavy fire and found an unconscious, severely burned woman lying on the floor. He removed her to the window he had entered where she was assisted to safety.

Because these actions were performed at great personal risk, under intense heat and heavy fire conditions, the Fire Commissioner highly commended Fire Lieutenant Ronald J. Savicke of Engine Company 2 in General Order No. 3 of 2000.

The Board recommends that the name of Fire Lieutenant Ronald J. Savicke of Engine Company 2 be placed on the Roll of Merit.

#### **10. Case of Fire Fighter Joseph Johnson, Engine Company 4**

On June 23, 1999, at 170 Tremont Street, when a high pressure steam line burst ejecting asphalt and rock 100 feet into the air and falling back to the street, he observed an elderly woman emerge from the building, frightened and disoriented as debris was falling around her. Without hesitation or concern for his own safety, he ran into the falling debris, placed the woman on his shoulder and ran with her to safety inside the building.

Because these actions were performed at great personal risk, the Fire Commissioner highly commended Fire Fighter Joseph Johnson of Engine Company 4 in General Order No. 34 of 1999.

The Board recommends that the name of Fire Fighter Joseph Johnson of Engine Company 4 be placed on the Roll of Merit.

#### **11. Case of Fire Fighter John J. McGrath, Engine Company 2**

On October 26, 1999, at a building fire at 503 East Broadway, South Boston, he ascended a rear fire escape to the third floor, crawled down the hallway where the second means of egress was cut off by heavy fire and found an unconscious, severely burned woman lying on the floor. He removed her to the window he had entered where she was assisted to safety.

Because these actions were performed at great personal risk, under intense heat and heavy fire conditions, the Fire Commissioner highly commended Fire Fighter John J. McGrath of Engine Company 2 in General Order No. 3 of 2000.

The Board recommends that the name of Fire Fighter John J. McGrath of Engine Company 2 be placed on the Roll of Merit.

--------------------------------	-------------------

Fire Captain Wyse was appointed to the department on February 19, 1969, promoted to Fire Lieutenant on September 7, 1977, promoted to Fire Captain on August 25, 1982, and leaves the department with the best wishes of his associates.

**III. RESIGNATION**

The resignation of the following named member became effective at 0800 hours, May 9, 2000:

Fire Fighter Michael B. Gregorio	Ladder Company 26
-------------------------------------	-------------------

#### IV. COMMENDATIONS

1) The Fire Commissioner and Chief of Department hereby commend all members who responded to and fought the Orient Heights Yacht Club fire, 9 alarms Box 6262, on April 8, 2000. Firefighting forces faced some of the most difficult conditions experienced by the department in decades. High winds, approaching gale force, created conditions conducive for a conflagration. It was only through the dedication and professionalism of Boston Fire Department personnel involved that a potential conflagration was averted. Members of Fire Alarm Operations, Emergency Management Division, are also commended for the professional manner in which they carried out their duties during this incident. The commitment and extraordinary efforts by members at Box 6262 was in keeping with the highest traditions of the proud history of the Boston Fire Department.

2) The Fire Commissioner is pleased to commend the below listed members of the Boston Fire Department, who on January 25, 2000, responded to Great Barrington, Massachusetts, to aid in search for a child who fell through the ice on the Housatonic River. The river presented very dynamic and hazardous situations, currents and ice conditions, many fallen trees, log jams and other obstacles, steep embankments, driving snow and a wind chill factor near 0 degrees throughout this mission until the child's body was recovered near the end of the seventh day. This commendation shall be made part of their personnel file.

Fire Captain John F. Kenney	Engine Company 24
Fire Lieutenant Robert F. Santangelo	Ladder Company 24
Fire Fighter Steven M. Murphy	Rescue Company 1
Fire Fighter Richard S. O'Neill	Ladder Company 15
Fire Fighter Patrick F. Foley	Engine Company 21
Fire Fighter Don F. Cuddahy	Ladder Company 7

3) The Fire Commissioner is pleased to commend Fire Fighter Joseph G. Battersby, Engine Company 5, who on April 6, 2000, while off duty at East Boston High School, extinguished a rubbish fire, sustaining first degree burns to his right index finger. This commendation shall be made part of his personnel file.

4) The Fire Commissioner is pleased to commend Fire Fighter Edward G. Sweeney, Engine Company 5, who while off duty on April 8, 2000, responded to 9 alarms Box 6262, and assisted Engine Company 5 with running lines. This commendation shall be made part of his personnel file.

5) The Fire Commissioner is pleased to commend Fire Fighter John J. Forristall, Rescue Company 1, who while off duty on April 8, 2000, responded to 9 alarms Box 6262, and assisted Engine Company 56 in hooking up their feeder line and running attack lines. This commendation shall be made part of his personnel file.

**COMMENDATIONS (CONTINUED)**

- 6) The Fire Commissioner is pleased to commend Fire Fighter Willie E. Bogues, Engine Company 4, who while on patrol on April 12, 2000, administered medical treatment to a distraught man who had entered quarters with his wrist cut and was holding a knife to his neck threatening to cut himself. Fire Fighter Bogues persuaded the man to sit down and treated the wound while the man continued to hold the knife to his neck in an agitate state. This commendation shall be made part of his personnel file.
- 7) The Fire Commissioner is pleased to commend Fire Fighter George A. Paige, Ladder Company 11, who while off duty on April 21, 2000, rendered medical assistance to two pedestrians who were struck by a motor vehicle. He continued this aid after the arrival of apparatus and until completion of the incident. This commendation shall be made part of his personnel file.
- 8) The Fire Commissioner is pleased to commend Fire Fighter John S. Varner, Engine Company 7, who while on a paid detail on April 24, 2000, was made aware of a fire in a sub-basement where a welder had initiated a flash fire. He then proceeded to evacuate the disoriented welder from the sub-basement located three levels below the ground to the safety of the street. This commendation shall be made part of his personnel file.

**IV. HIGH COMMENDATIONS**

1) On March 20, 2000, at 2114 hours, Box 7263, which became a two alarm fire, was struck for a building fire at 230 Boston Street, District 6. Upon arrival of Engine Company 21 (the first arriving company), heavy fire was showing from the first floor of this three story wood framed building and heavy smoke was showing from the second and third floors.

Fire Lieutenant William G. Austin, Engine Company 21, was informed of two people trapped on the third floor. He ordered a line run to the first floor while he entered the building, made his way to the third floor through heavy smoke and extreme heat and commenced a search for the two victims. He located them and led them to a third floor window until the arrival of the first arriving ladder company (Ladder Company 7). With the assistance of Ladder Company 7, he led the couple to safety over Ladder Company 7's aerial ladder.

Because this rescue was performed under rapidly deteriorating fire conditions, with heavy smoke, intense heat and prior to adequate ventilation, he placed himself at extreme personal risk. The Fire Commissioner is pleased to highly commend Fire Lieutenant William G. Austin of Engine Company 21, and refers his case to the Board of Merit for further consideration.

2) On May 12, 2000, at approximately 1450 hours, a six year old girl was struck by an automobile on Columbia Road near the quarters of Engine Company 21. The child bounced onto the hood, into the windshield and landed on the roof of this station wagon. The driver continued up Columbia Road, turned onto Dudley Street at a high rate of speed with the child hanging onto the roof racks. This entire situation was witnessed by Fire Fighter Andre C. Bridges, Ladder Company 9, who pursued the fleeing car, forced it to stop on Dudley Street and assisted the police in apprehending the driver. This child miraculously survived with a broken leg and some scratches and bruises.

Because his actions undoubtedly saved this child's life, the Fire Commissioner is pleased to highly commend Fire Fighter Andre C. Bridges of Ladder Company 9, and refers his case to the Board of Merit for further consideration.

3) On June 5, 2000, at 0722 hours, Box 3641 was struck for a building fire at 643 Walk Hill Street, District 12. Upon arrival, heavy fire was showing from the attic windows of this 2 ½ story wood framed building. Engine Company 52 was informed by a woman screaming frantically that her baby was trapped in the attic.

Engine Company 52 immediately ran a line up the front stairs to the attic and crawled down the hallway searching for the child. Fire Fighter David M. Ostiguy, Engine Company 52, hearing the child's cries, felt his way around to the child's bedroom. Searching on his hands and knees he found the child on the bedroom floor, carried her down the stairs to the safety of the street where she was removed to the hospital by Boston EMS.

Because this rescue was performed at great personal risk under deteriorating fire conditions and prior to proper ventilation, the Fire Commissioner is pleased to highly commend Fire Fighter David M. Ostiguy of Engine Company 52, and refers his case to the Board of Merit for further consideration.

**IX. COMMENDATIONS**

- 1) The Fire Commissioner is pleased to commend Fire Fighter Domingo F. McKinney, Engine Company 7, who while off duty on June 24, 2000, assisted the victim of an auto accident who had wounds to the face and scalp. He calmed the woman, covered her wounds and placed her in a position of safety until the arrival of apparatus. This commendation shall be made part of his personnel file.
- 2) The Fire Commissioner is pleased to commend Fire Fighter John J. Dolan, Engine Company 9, who while off duty on July 31, 2000, assisted a seizure victim who fell causing bleeding from the back of the head. He applied direct pressure to the head wound and held traction on the neck until the arrival of apparatus. This commendation shall be made part of his personnel file.

## X. COMMISSIONER'S UNIT CITATION

On July 22, 2000, at 0646 hours, Rescue Company 1, Engine Company 10 and District 4 were stilled by the Fire Alarm Office for a reported severe construction accident at the Central Artery Tunnel Project adjacent to the South Postal Annex at 75 "A" Dorchester Avenue.

Upon arrival at the location, the fire companies found a laborer lying on his back at the base of a ventilation shaft. The victim was unconscious with a 12' x 1 1/2" cross brace impaled in his skull.

After a size-up of the incident and a primary and secondary survey was completed on the victim, the next step was to remove all but 3" of the cross brace from the left side of his skull so the victim could be properly intubated, packaged and extricated from the shaft. This process was accomplished by members of Rescue Company 1, with members of Engine Company 10 assisting in logistical support. Members of Boston EMS closely monitored the vital signs of the victim while this operation was taking place.

Because of the horrible injuries received to this individual and the difficulty in extricating him from the bottom of the shaft, the Commissioner's Unit Citation shall hereby be awarded to the following members:

Fire Lieutenant Neil F. Doherty	Rescue Company 1
Fire Fighter Joseph M. Hughes	Rescue Company 1
Fire Fighter Martin J. Fernandes	Rescue Company 1
Fire Fighter Edward P. Stokinger	Rescue Company 1
Fire Fighter Mark A. McLean	Engine Company 3 (detailed to R-1)
Fire Lieutenant William G. Dewan	Engine Company 10
Fire Fighter Ronald L. Cook	Engine Company 10
Fire Fighter Dave F. Galloway	Engine Company 10
Fire Fighter Steven L. Bush	Engine Company 10
District Fire Chief William W. Hayhurst	District 4
Fire Fighter Peter J. Dolan	Aide to District 4

## **XI. HIGH COMMENDATIONS**

1) On June 9, 2000, at approximately 2030 hours, screams for help were heard from a woman outside a store parking lot located opposite Division 2 on Centre Street, District 9. Upon hearing the screams, Aide to District 12, Fire Fighter John M. Walsh observed a man steal a woman's handbag and then run down Centre Street attempting to flee the scene. Eventually cornered by a number of nearby bystanders, the man wielded a razor, which he swung wildly toward any person within his reach. Pursuing the man after he evaded the bystanders, Fire Fighter Walsh ran after him, tripped him and restrained him on the ground until members of Engine Company 28 and Ladder Company 10 arrived and assisted. The man was then arrested by Boston Police.

The Fire Commissioner is pleased to highly commend Fire Fighter John M. Walsh, Aide to District 12, for his aggressive actions, reflecting credit upon himself and the Boston Fire Department, and refers his case to the Board of Merit for further consideration.

2) On June 17, 2000, at approximately 2100 hours, Fire Captain Paul G. Carey, Engine Company 28, while off duty, responded to Box 2794 for a building fire at 15 Wellsmere Road, District 10. He arrived on scene before apparatus and observed a two story garage heavily involved in fire. After making sure the adjacent dwellings were evacuated, he began exposure protection using garden hoses with the assistance of local residents. He remained on the scene to guide the first arriving companies.

Because of his quick response, the timely extinguishment of this fully involved structure was accomplished as well as preventing the fire from igniting the nearby exposures. The Fire Commissioner is pleased to highly commend Fire Captain Paul G. Carey, Engine Company 28, and refers his case to the Board of Merit for further consideration.

BY ORDER OF ACTING FIRE COMMISSIONER DENNIS A. DIMARZIO

Paul A. Christian, Chief of Department

**GENERAL ORDER  
NO. 31**

**HEADQUARTERS, FIRE DEPARTMENT  
OCTOBER 2, 2000**

**I. FIRE PREVENTION WEEK**

Fire Prevention Week will be observed in the City of Boston from October 8 to October 14, 2000, inclusive.

During Fire Prevention Week, company officers and all members shall review the smoke detector laws so that people visiting the firehouses can get the correct answers to smoke detector laws.

Fire stations shall be open to the public between 1200 and 1700 hours for visits of the premises and for the conveyance of information concerning the fire department functions and fire prevention matters. When citizens come to a station during Fire Prevention Week, the member on house patrol shall summon the commanding officer to answer any questions regarding the department, or to have a suitable person assigned this duty.

If a person or group wishes a tour of the firehouse, all hands shall be summoned to the main floor to greet the visitors. Tours shall include explaining how an alarm is received at the firehouse followed by a demonstration of sounding the house gong, turning on the house lights, and if applicable, having a member slide down the pole.

Members should pay special attention to children during firehouse visits. They should talk to the children about knowing their home address, how to dial 9-1-1, STOP-DROP & ROLL, smoke detectors and having an escape plan to exit their home in an emergency.

If you let some of the children try on your helmets or bunker coats, take special precautions with smaller children as the weight of the protective gear may be too much for them. Care should be taken to insure that no child is injured.

Have a member dress in full bunker gear with an airpack and facepiece on. Explain to the children that this is what firefighters look like when coming into their homes during a fire. Show them the apparatus, turn on the lights and siren, ask for questions and encourage them to take any safety pamphlets that you may have. If they need more material, tell them to call the Public Information Office at 617-343-3415.

District Fire Chiefs are directed to take an active interest in Fire Prevention Programs in the following manner:

By making arrangements with the various plants and industrial enterprises within the district to hold fire drills during the week, by grading these drills as good, fair, or poor and making a report of same to the Fire Prevention Division, indicating the name of the enterprise, the date of the drill and the grade. Same should be forwarded promptly. Each business should be requested to acknowledge participation in Fire Prevention Week activities via written correspondence. These drills should be conducted by a company officer after arrangements are made. At plants where there are special or company fire brigades, particular attention should be given to assignments and/or response procedures. It is requested that the name of the company officer conducting the drill be furnished. It is anticipated that not less than three drills be conducted in each district.

Company officers shall contact school officials in the schools in their sub-district and make arrangements to hold the required fire exit drills during Fire Prevention Week. The fire exit drill shall be so arranged that it will be held prior to the end of the school day. The District Fire Chief should compile a list of fraternal, social, civic and professional organizations within the district and convey to them the willingness of the fire department to provide company officers for the purpose of lecturing on fire prevention at any time.

District Fire Chiefs should make a concerted effort to bring the activities of the department before these organizations and arrange for lectures to be given. The name of any organization so participating should be reported to the Fire Prevention Division, specifically if the organization can be urged to forward on their own stationery a notation of the event, it would be to the greater advantage of the fire department.

Firefighters are to pay special attention to the observance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from daily work. All buildings being erected, demolished or significantly remodeled require permits, as do storage and use of flammable gases. Notify your District Fire Chief and/or Fire Prevention Division at extension 3620. Dilapidated buildings, rubbish accumulation and the other hazards should be reported in accordance with abatement procedures as outlined in S. O. P. # 25. The public expects uniformed members of the fire department to know something about fire prevention work and to have an interest in this subject since they are public employees engaged in this field. Firefighters, therefore, during Fire Prevention Week, should have this subject uppermost in their minds and they should not pass a fire hazard at any time without making a note of it for reference to the Fire Prevention Division. In short, every uniformed member in the fire department is a fire prevention inspector at all times.

In addition, each firehouse will be sent information dealing with this year's Fire Prevention Week theme, "Fire Drills: The Great Escape". Members should familiarize themselves with the information so that they can pass it on to the public when they visit the firehouse.

On Tuesday, October 10, 2000, at 1800 hours, all company apparatus shall be placed on the apron and sirens shall be sounded for 15 seconds. It is hoped that this will act as a reminder to the public to plan and practice their "Great Escape" from their homes.

A list of all fire prevention activities and their locations will be forthcoming.

**GENERAL ORDER  
NO. 33**

OCTOBER 6, 2000**

**I. HIGH COMMENDATION**

On August 29, 2000, at approximately 2208 hours, District 9 was responding to a boiler explosion at the Shattuck Hospital power plant when several citizens flagged them down on Washington Street. They reported to Fire Captain Richard T. Noonan, Engine Company 16 (detailed to District 9), that an armed robbery had taken place and the suspects were inside a convenient store, trapped by several citizens who were holding the doors shut, effectively blocking the exits.

Captain Noonan entered the store and was confronted by one suspect swinging a knife at him. He convinced him to put the knife on the floor and Captain Noonan then secured it out of reach of the suspect. At this time Fire Fighter Paul J. Zepf, Aide to District 9, entered the store and the two suspects attempted to run from the premises. Captain Noonan and Fire Fighter Zepf struggled with them and at the same time were calling Fire Alarm, checking on the police response. It is evident from the transmission recorded by Fire Alarm of the level of exertion and strain involved in wrestling the suspects under control. The police arrived on scene and arrested the two suspects. Captain Noonan and Fire Fighter Zepf then continued on to the Shattuck Hospital.

The Fire Commissioner is pleased to highly commend Fire Captain Richard T. Noonan of Engine Company 16 and Fire Fighter Paul J. Zepf, Aide to District 9, for their quick and decisive actions, reflecting credit upon themselves and the Boston Fire Department, and refers their case to the Board of Merit for further consideration.

**VII. HIGH COMMENDATION**

On September 25, 2000, at 1027 hours, Box 5173 was struck for a building fire at 14 Melvin Avenue, District 11. Upon arrival of District 11 and Ladder Company 14 (first arriving company), smoke was showing from the first floor of an occupied three story brick building.

The Fire Alarm Office transmitted reports of people trapped on the second floor above the fire. Fire Lieutenant Michael P. Finn and Fire Fighter Yuji Hairston of Ladder Company 14, hearing these reports, entered the building and encountered heavy fire and smoke pushing out from the fully involved first floor apartment into the hallway, cutting off access to the stairway leading to the above floors. They were able to make their way to the apartment door and shut it preventing the fire from extending up the stairway. They made their way through heavy smoke and heat to the second floor and began a search for victims. They located four people and led them to an outside balcony where they were removed to the street by Ladder Company 14.

Because this rescue was performed under rapidly deteriorating fire conditions, without the benefit of a charged line and prior to proper ventilation, they placed themselves at great personal risk. The Fire Commissioner is pleased to highly commend Fire Lieutenant Michael P. Finn and Fire Fighter Yuji Hairston of Ladder Company 14, and refers their case to the Board of Merit for further consideration.

### **VIII. COMMENDATION**

The Fire Commissioner is pleased to commend Fire Fighter on Probation Gabriel Sanon, Engine Company 9, who while off duty on October 17, 2000, responded to a neighbor's screams of fire. He ascended the stairs and was directed to a bedroom where a mattress fire was in progress. He extinguished it by filling a five gallon bucket with water from the bathtub. This commendation shall be made part of his personnel file.

BY ORDER OF ACTING FIRE COMMISSIONER DENNIS A. DIMARZIO

Paul A. Christian, Chief of Department

## V. COMMENDATIONS

- 1) The Fire Commissioner is pleased to commend Fire Fighter William P. Pappas, Ladder Company 14, who while off duty on October 20, 2000, made a splint from a clipboard for a youth who had suffered a broken wrist while playing football. He comforted the victim until the arrival of apparatus. This commendation shall be made part of his personnel file.
- 2) The Fire Commissioner is pleased to commend Fire Fighter Michael J. McManus, Engine Company 52, who while off duty on October 23, 2000, assisted in venting windows at Working Fire Box 2766, enabling on duty personnel to rescue an elderly woman. This commendation shall be made part of his personnel file.
- 3) The Fire Commissioner is pleased to commend Fire Fighter Robert J. Ryan, Ladder Company 16, who while off duty on October 23, 2000, assisted in venting windows and ground ladder placement at Working Fire Box 2766, enabling on duty personnel to rescue an elderly woman. This commendation shall be made part of his personnel file.

## VI. COMMISSIONER'S UNIT CITATION

On October 23, 2000, at 1124 hours, Box 2766 was struck for a building fire at 15 Maria Lane, District 10. While responding, all companies and District 10 were notified that two elderly people were in the building.

Upon arrival, heavy fire was showing from the rear of the building. On scene neighbors notified District 10 that an elderly man had been removed via the front door but his wife was still inside.

Ladder Company 10 was given the assignment of searching for her. Within a short period of time Ladder Company 10 located and removed her to the outside where first aid and oxygen were administered to the semi-conscious woman.

Because of their quick, aggressive and courageous actions, and without the benefit of a charged line, the woman survived. Therefore, the Commissioner's Unit Citation shall hereby be awarded to the following members:

Fire Captain Robert L. Dowling	Ladder Company 10
Fire Fighter Edward S. Saniuk	Ladder Company 10
Fire Fighter Stephen W. MacDonald	Ladder Company 10
Fire Fighter John P. Kelly	Ladder Company 10
Fire Fighter On Probation Gregory G. Kelly	Ladder Company 10

**HEADQUARTERS, FIRE DEPARTMENT  
NOVEMBER 16, 2000**

**I. COMMENDATION**

The Fire Commissioner and Chief of Department wish to commend Deputy Fire Chief Stephen K. Dunbar, District Fire Chiefs John J. Evans, James R. Evans, David R. Mager, Edmund G. Maiorana, Robert E. Dillon, Paul R. O'Brien, William W. Hayhurst, Jr., Paul F. Mahoney, Acting District Chief Peter P. Pearson, and all members who responded to and worked the series of fires on the night tour of October 28 and 29, 2000: Working Fire Box 7221, Five Alarms Box 7311 and Nine Alarms Box 7441. Within a period of a few hours department resources were taxed to the maximum in answering alarms for three serious fires in rapid succession. High winds and a highly congested neighborhood contributed to the severity of fire conditions met by first arriving firefighters. The training, dedication and expertise demonstrated by members of the department was in keeping with the best traditions of this department.

Once again when the City was threatened by major fire emergencies, the men and women of the Boston Fire Department answered the challenge successfully.

High commendation is also due to members on duty at the Fire Alarm Office, the Fire Investigation Unit, and other support units during this tour. They performed at their usual high level of professionalism, under very demanding circumstances, in dispatching resources, coordinating communications, and providing the many unseen support services that enable the Boston Fire Department to fulfill its mission.

The Fire Commissioner and Chief of Department are also pleased to commend the following members for responding to and working at the above named fires while off duty. This commendation shall be made part of their personnel file:

Fire Lieutenant Gerard F. Shea	Rescue Company 1
Fire Lieutenant William G. Austin	Engine Company 21
Fire Fighter Lawrence C. Holt	Rescue Company 1
Fire Fighter Paul E. Covington	Rescue Company 2
Fire Fighter Winston C. Ashley	Rescue Company 2
Fire Fighter Joseph McDonough	Engine Company 7
Fire Fighter Robert E. Medico	Engine Company 18
Fire Fighter Joseph G. Ciampa	Engine Company 42
Fire Fighter Dennis J. Hogan	Ladder Company 6
Fire Fighter Neal A. Mullane, Jr.	Ladder Company 23

#### IV. COMMENDATION

1) The Fire Commissioner is pleased to commend Fire Fighter Stephen G. Mortlock, Ladder Company 26, who on September 16, 2000, assisted the State Police in the apprehension of two suspected auto thieves in the Fenway. After leaving one suspect in the custody of a State Police Officer, he pursued the second suspect, catching him at the intersection of Huntington Avenue and Ruggles Street, where this suspect was arrested by the State Police. This commendation shall be made part of his personnel file.

2) The Fire Commissioner is pleased to commend Fire Fighter Ronald Ridings, Ladder Company 1, who while off duty on November 8, 2000, assisted a victim of a vehicle accident at Austin and Main Streets, Charlestown. He held traction on the driver until the arrival of apparatus. This commendation shall be made part of his personnel file.

**I. CHRISTMAS GREETINGS**

The Fire Commissioner and Chief of Department extend to all of the members of the Boston Fire Department and their families best wishes for a Merry Christmas and a Happy, Healthy and Safe New Year for 2001.

Our sincere thanks to each and everyone of you, uniformed and civilian, for all that you do in keeping Boston one of the safest cities in the nation.

**II. RESIGNATIONS**

The resignation of the following named member became effective at 1700 hours, November 29, 2000:

Fire Fighter On Probation	
Kevin E. Ball	Ladder Company 14

The resignation of the following named member became effective at 0800 hours, November 30, 2000:

Fire Fighter	
Patrick L. McDonough	Engine Company 10

**III. HIGH COMMENDATIONS**

1) On October 29, 2000, at 0125 hours, Box 7441 a struck for a building fire at 9 Swallow Street. Upon arrival of District 6, heavy fire was showing from both Swallow and East Sixth Streets. Because of the rapid spread of fire and the life hazard at hand, multiple alarms were struck to get help for search, rescue and evacuation of the buildings involved.

It was reported to District 6 by fire department members and civilian neighbors on the Sixth Street side of the fire that the efforts of off duty Fire Fighter Robert E. Medico, Engine Company 18, were a major factor in the success of no loss of life or severe injury in this fast moving devastating fire. Fire Fighter Medico performed search and rescue on three multiple family dwellings. Heavy fire and smoke had engulfed these buildings and he entered, searched and evacuated each building knowing that all three buildings were burning on all floors in the rear.

Because these actions were performed under rapidly deteriorating fire conditions, prior to the arrival of apparatus and without protective clothing, he placed himself at great personal risk. The Fire Commissioner is pleased to highly commend Fire Fighter Robert E. Medico of Engine Company 18, and refers his case to the Board of Merit for further consideration.

**HIGH COMMENDATIONS (CONTINUED)**

2) On November 17, 2000, at approximately 1720 hours, Fire Fighter David M. Pfeil, Engine Company 5, while off duty and shopping at Home Depot in Saugus, responded to an employee who had fallen 12 feet and struck his head on the concrete floor. He stopped the bleeding and stabilized the man's neck. His prompt update of the man's condition and the height of his fall expedited the primary survey by the Saugus Fire Department and assured that the man was transported to the proper medical facility.

Because of his actions, the Fire Commissioner is pleased to highly commend Fire Fighter David M. Pfeil of Engine Company 5, and refers his case to the Board of Merit for further consideration.

**IV. COMMENDATION**

The Fire Commissioner is pleased to commend Fire Fighter David F. Walsh, Headquarters, who while off duty on October 22, 2000, responded to a fire in a neighbor's home which required three alarms to extinguish. Upon arrival of apparatus, he informed them everyone was safely out of the house. He then assisted in running feeder and attack lines. This commendation shall be made part of his personnel file.

**IV. HIGH COMMENDATION**

On November 22, 2000, at 0924 hours, Ladder Company 7 responded to 3 Monadnock Street and observed heavy fire and smoke showing from the fourth floor rear of this six story apartment building.

After ordering Box 1744 to be struck, Ladder Company 7 entered the building, notifying the building occupants and commenced search and rescue operations. Upon entry to the fourth floor they encountered heavy smoke and extreme heat but were able to discover an elderly fire victim who had been overcome and was unconscious. They removed him to the street and began CPR until relieved by EMS personnel.

While this rescue was being carried out by Fire Lieutenant Patrick D. Murphy, Fire Fighters James G. O'Brien and Vincent E. Dimino, Fire Fighter Gregory P. Conlan positioned the aerial ladder for ventilation operations. After reaching the fourth floor he began ventilation, conscious that members of his company were performing search and rescue operations, and maintained his position while encountering extreme heat, fire and smoke conditions.

Because these actions were performed prior to the running of lines and at great personal risk to themselves, the Fire Commissioner is pleased to highly commend Fire Lieutenant Patrick D. Murphy, Fire Fighter James G. O'Brien, Fire Fighter Vincent E. Dimino and Fire Fighter Gregory P. Conlan, all of Ladder Company 7, and refers their case to the Board of Merit for further consideration.

## **V. COMMENDATION**

The Fire Commissioner is pleased to commend Fire Fighter Edward F. Murphy, Ladder Company 25, who while off duty on December 10, 2000, responded to Box 7316 which was struck for a building fire at 17 Emerson Street, District 6. He forced the front door and ventilated prior to the arrival of apparatus and assisted Engine Company 2 in running a line after their arrival. This commendation shall be made part of his personnel file.

**IV. HIGH COMMENDATION**

On November 22, 2000, at 0924 hours, Ladder Company 7 responded to 3 Monadnock Street and observed heavy fire and smoke showing from the fourth floor rear of this six story apartment building.

After ordering Box 1744 to be struck, Ladder Company 7 entered the building, notifying the building occupants and commenced search and rescue operations. Upon entry to the fourth floor they encountered heavy smoke and extreme heat but were able to discover an elderly fire victim who had been overcome and was unconscious. They removed him to the street and began CPR until relieved by EMS personnel.

While this rescue was being carried out by Fire Lieutenant Patrick D. Murphy, Fire Fighters James G. O'Brien and Vincent E. Dimino, Fire Fighter Gregory P. Conlan positioned the aerial ladder for ventilation operations. After reaching the fourth floor he began ventilation, conscious that members of his company were performing search and rescue operations, and maintained his position while encountering extreme heat, fire and smoke conditions.

Because these actions were performed prior to the running of lines and at great personal risk to themselves, the Fire Commissioner is pleased to highly commend Fire Lieutenant Patrick D. Murphy, Fire Fighter James G. O'Brien, Fire Fighter Vincent E. Dimino and Fire Fighter Gregory P. Conlan, all of Ladder Company 7, and refers their case to the Board of Merit for further consideration.
