Notes;

When Dorchester was annexed to Boston on January 3, 1870, fire alarm boxes were assigned numbers in the 300 series.

On March 26, 1891, the new 900 series of numbers was established and assigned to boxes in Dorchester.

On April 2, 1892, some box numbers in Dorchester were changed from numbers in the 300 series to numbers in the 900 series. Other boxes were changes to the high 100 series.

In 1914 a new numbering system using four digit numbers was introduced. Numbers in the 3100 to 3400 series were assigned to boxes in Dorchester.

Beginning on February 16, 1956, there was a general renumbering of fire alarm boxes in the Dorchester area. Boxes in the 3100 to 3400 series were renumbered to the new 3100 box series.

The letter p next to the box number indicates phantom box.
