------	-----------	--	--	---	-----------

#### Notes;

When Dorchester was annexed to Boston on January 3, 1870, fire alarm boxes were numbered in the 300 series.

On March 26, 1891, the 900 number series was established and assigned to boxes in Dorchester.

On April 2, 1892, there was a partial renumbering of boxes in Dorchester. Some boxes with numbers in the 300 series were changed to 900 numbers.

In 1914, a new numbering system using four digit numbers was introduced. Boxes in Dorchester

were assigned numbers in the 3100 to 3600 series.

Beginning on February 16, 1956, there was a general renumbering of fire boxes in Dorchester. Boxes that had numbers in the 3300 to 3600 series were renumbered to the 3400 series.

The letter p next to the box number indicates phantom box.
