------	-----------	--------	--	--	-----------

Notes;

When Dorchester was annexed to Boston on January 3, 1870, fire alarm boxes were assigned numbers in the 300 series.

On March 26, 1891, the 900 number series was established and assigned to Dorchester.

On April 2, 1892, there was a general renumbering of fire alarm boxes in Dorchester. Some boxes with 300 numbers were changed to numbers in the 900 series.

In 1914, a new numbering system was introduced using four digit numbers. Box numbers in the 3100 to 3600 series were assigned to boxes in Dorchester.

Beginning on February 16, 1956, there was a general renumbering of fire alarm boxes in Dorchester. Boxes with numbers in the old 3300 to 3500 series were changed and given numbers in the new 3500 series.

The letter p next to the box number indicates phantom box.
