Notes;

Brighton was annexed to Boston on January 5, 1874. At the time of annexation, there were no Fire Alarm Boxes in Brighton.

The first Fire Alarm boxes were installed in Brighton on June 1, 1877 with numbers in the high 500 series.

On July 10, 1888, Fire Alarm Boxes in Brighton were renumbered to the 800 series. The 500 series numbers were reassigned to boxes in West Roxbury.

A new four digit numbering system was introduced in 1914. Fire Alarm Boxes in Brighton were renumbered to the 5100 and 5200 series in 1916.

Between March 31 and June 4, 1953, most Fire Boxes in Brighton were renumbered and the new 5300 and 5400 series were established.

The letter p after the box number indicates phantom box.
