6193	1.17.1989			Logan Airport North Gate (Staging area) off Frankfort St.	11.17.1989
				Discontinued on 10.02.1990	

Notes;

The first fire alarm boxes in East Boston were assigned numbers using the District / Station number system.

On April 28, 1864, three digit numbers in the high one hundred series were assigned to fire boxes in East Boston (151 to 187).

Between June 9, and June 20, 1887, all fire boxes in East Boston were renumbered and assigned numbers in the 600 series. This released the high 100 series for use in South Boston.

Between November 10 and November 14, 1928, all fire boxes in East Boston were changed to four digit numbers in the 6100 and 6200 series.

On October 2, 1990, the box numbers in the 6120 series and some 6190 numbers at Logan Airport were discontinued and replaced by numbers in the new 6400 series.

The letter p next to the box number indicates phantom box.
