The Fire Commissioner/Chief of Department is pleased to commend Fire Fighter James Prince of Engine Company 22 for his actions on December 31, 2004.

While sitting in his personal vehicle in front of Engine 22s' quarters Fire Fighter Prince witnessed an attempted child abduction. An alleged abductor asked a young girl if she wanted a ride. When she refused his offer the alleged abductor made a U-turn, stopped in front of Engine 22s' quarters, and ordered the girl to get into his vehicle.

At this point Fire Fighter Prince exited his own vehicle and asked the girl if she knew the man, who promptly jumped back in his car and drove off. Fire Fighter Prince noted the license plate number and make of the vehicle, as well as a description of the perpetrator. The Fire Alarm Office was notified and Boston Police responded.

Fire Fighter Princes' quick thinking and willingness to intervene undoubtedly foiled this attempted child abduction. This commendation shall be made part of his personnel file.

III. HIGH COMMENDATION

On January 27, 2005 at 2004 hours, Engine Company 5 responded to Box 6165 for a building fire at 233 Chelsea Street, a three story wood frame building. No visible fire or smoke was showing on arrival of Engine Company 5. Fire Lieutenant Joseph R. Wilson ordered an attacked line run. Lieutenant Wilson went to the rear of the building to investigate and heard cries for help coming from the basement. Lieutenant Wilson forced open the door, encountered high heat and heavy smoke, donned his facepiece and crawled into the building following the sound of the voice. He located the woman and with great difficulty removed the woman from the building. She was transported by EMS to Massachusetts General Hospital for treatment.

Because this rescue was performed at great personal risk before ventilation was made without benefit of a charged line, the Fire Commissioner/Chief of Department is pleased to highly commend Fire Lieutenant Joseph R. Wilson of Engine Company 5, and refers his case to the Board of Merit for further consideration.

IV. COMMENDATIONS

1.) The Fire Commissioner/Chief of the Department is pleased to commend Fire Fighter Joseph E. Kirby of Ladder Company 26, who while off duty, on February 18, 2005, at 1458 hours, came upon a multiple car accident at Andrew Square in District 6. He performed a primary survey of the most seriously injured victims and maintained traction until the arrival of the companies. This commendation shall be made part of his personnel file.

2.) The Fire Commissioner/Chief of Department is pleased to commend Fire Fighter Steven J. Mitchell of Engine Company 42, who while off duty on February 15, 2005 at 1634 hours, responded to struck box 2619 for a building fire at 15 Bradeen Street, Roslindale. After reporting to the incident commander, Fire Fighter Mitchell assisted the First Alarm Company with the placement of the attack line and throwing a 35' ground ladder to the second floor. This commendation shall be made part of his personnel file.

BY ORDER OF FIRE COMMISSIONER/CHIEF OF DEPARTMENT
PAUL A. CHRISTIAN

BOARD OF MERIT

The Board of Merit, consisting of the Fire Commissioner/Chief of Department and the Deputy Fire Chiefs, has considered all meritorious acts referred to it during the year 2004. After careful consideration and study, the Board submitted the following recommendations which are approved by the Fire Commissioner/Chief of Department:

**1. Gerard J. Molito Award
Deputy Fire Chief Joseph Fleming, Division 2**

The Boston Fire Department hereby recognizes the exceptional effort of Deputy Fire Chief Joseph M. Fleming in developing a comprehensive High Rise Building Operations Standard Operating Procedure and shipping and storage facilities procedures for liquefied natural gas which enhance life safety for the public and firefighters. His persistence in developing public awareness of the true hazards inherent in the movement and storage of liquefied natural gas has caused the industry to re-evaluate the potential effect on life safety for Boston's residents and visitors.

Therefore, the Fire Commissioner, acting on the recommendation of the Board of Merit, hereby orders Deputy Fire Chief Joseph Fleming, of Division 2 be presented the Gerard J. Molito Award.

**2. Gerard J. Molito Award
Fire Captain David W. Joseph, Office of Field Services**

The Boston Fire Department hereby recognizes the exceptional effort of Fire Captain David W. Joseph in coordinating with Boston Water and Sewer Commission to maintain a continuous water supply for firefighting during major reconstruction across the city and his work with Distrigas and Keyspan to improve life safety in the transportation, storage and use of natural gas and liquefied natural gas. Fire Captain Joseph represented the Department at the Democratic National Committee's Life Fire Safety Committee, ensuring that all members worked in a safe environment despite threats of violence during the convention. Fire Captain Joseph's efforts and dedication have provided consistent support for uninterrupted service, benefiting both the public and firefighters.

Therefore, the Fire Commissioner, acting on the recommendation of the Board of Merit, hereby orders Fire Captain David W. Joseph, of The Office of Field Services be presented the Gerard J. Molito Award.

3. Gerard J. Molito Award Fire Captain Martin P. McCormack, Fire Prevention Division

The Boston Fire Department hereby recognizes the exceptional efforts of Fire Captain Martin P. McCormack in developing and implementing changes in the inspection of nightclubs and places of assembly following the tragic deaths of 100 nightclub patrons in another jurisdiction. Captain McCormack also developed out-reach programs for the installation of smoke detectors in the homes of the elderly and with the Boston Public Schools 'children at risk'.

Therefore, the Fire Commissioner, acting on the recommendation of the Board of Merit, hereby orders Fire Captain Martin P. McCormack, of the Fire Prevention Division be presented the Gerard J. Molito Award.

4. Case of the late Fire Lieutenant Richard L. Powers, Public Information Office

For his career-long promotion of the Boston Fire Department's image and his ardent interest in singing, Fire Lieutenant Richard L. Powers co-founded the Fire Department's a capella Singers eight years ago. Two more members were recruited and began to develop into a successful quartet. They sang the National Anthem for the Boston Celtics, six times for the Boston Red Sox, at charity events such as the American Heart Association and the Denis Leary Firefighters Foundation, for the BFD / FDNY Hockey Tournaments and the Democratic National Committee's Veterans Symposium, followed by a request to sing at the White House for President George W. Bush. Their original goal was to sing at funerals for Fire Department members, but that was not realized until they sang at the funeral for one of their own a capella members. In his last weeks, Lieutenant Powers and the a capella singers recorded a CD in 2004 with all proceeds going to the Boston Firemen's Relief Fund. All of their events were designed to represent the Boston Fire Department in a professional manner with class, dignity and style. Lieutenant Powers generously gave his off-duty time in service to his neighbors, his church, endless charities and to his fellow firefighters, always in a cheerful manner to the very end.

Therefore, the Fire Commissioner, acting on the recommendation of the Board of Merit, hereby orders Fire Lieutenant Richard P. Powers, the Public Information Office, be presented the Distinguished Service Award posthumously.

5. Case of Fire Fighter Cornelius Keane, Engine Company 50

For the past two decades of his thirty-three year career, Fire Fighter Cornelius M. Keane of Engine Company 50 has dedicated himself to recruiting volunteers and fund raising for the Muscular Dystrophy Association. Fire Fighter Keane used his wit and good humor to attract crowds, raise awareness, and with the help of other dedicated volunteers, raised three hundred fifty thousand dollars. His humble perseverance carried on the tradition initiated by the late Fire Lieutenant George E. Graney who made MDA research the firefighter's cause and the IAFF's charity.

Therefore, the Fire Commissioner, acting on the recommendation of the Board of Merit, hereby orders Fire Fighter Cornelius Keane, of Engine Company 50 be presented the Distinguished Service Award.

6. Case of Fire Fighter Donald P. Doenges, Engine Company 50

On September 20, 2004, Engine Company 50 responded to the rear of 333 Terminal Street in District 3 for a report of a man in the water. Upon arrival, members observed a man, in obvious distress, about thirty yards from the seawall. Without hesitation, and with no regard for his own personal safety, Fire Lieutenant Donald Doenges swam out to the victim and pulled him toward the shore where he and the other members of Engine 50 then lifted him onto the seawall. The victim was then transported by Boston EMS. It was later discovered that the victim, suffering from diabetes, had become disoriented, and was virtually unable to aid himself once he had fallen into the water.

Because this rescue was performed without knowledge of any hidden obstructions, depth of the water, or presence of a dangerous current, Fire Lieutenant Doenges placed himself at great personal risk. The Fire Commissioner/Chief of Department highly commended Fire Lieutenant Donald Doenges of Engine Company 50 in General Order No. 34 in 2004.

The Fire Commissioner, acting on the recommendation of the Board of Merit, hereby orders that the name of Fire Fighter Donald P. Doenges, Engine Company 50, be added to the Roll of Merit.

7. Case of Fire Lieutenant Robert Moriarty, Engine Company 33

On September 23, 2004, at 1917 hours, Engine Company 33 and Ladder Company 15 were dispatched to the Massachusetts Avenue Bridge for a report of a woman in the river.

Upon arrival, it was confirmed that a woman was in the water up to her neck clutching a piling at the base of the bridge. While a member of Ladder Company 15 prepared to don a survival suit the woman began shouting that she could not hold on any longer. At that moment, Lieutenant Robert Moriarty was lowered by rope approximately thirty-five feet to the river where he was able to secure the woman in distress and keep her head above water until the arrival of the State Police boat.

Fire Lieutenant Moriarty acted without regard to his own personal safety in effecting the rescue of this woman. He placed himself at great personal risk by entering the water and had he not done so, the victim would have slipped below the surface of the moving river and the opportunity to save her life would have been lost. He suffered abrasions to his arm and hand, and also ingested river water during this rescue. He was transported to the Boston Medical Center where he was treated and released.

Because this rescue was performed at great personal risk, without the benefit of a survival suit, The Fire Commissioner/Chief of Department highly commended Fire Lieutenant Robert Moriarty of Engine Company 33, in General Order No. 37 of 2004.

The Fire Commissioner, acting on the recommendation of the Board of Merit, hereby orders that the name of Fire Lieutenant Robert Moriarty, Engine Company 33, be added to the Roll of Merit.

III. COMMENDATIONS

1.) On July 30, 2005, Fire Fighter Kenneth Marrero, while detailed to Ladder Company 23, witnessed a robbery in progress. During the robbery, a bystander, who attempted to intercede was shot. Fire Fighter Marrero immediately ran across the street and began administering first aid to the victim. Initially, he operated without any personal protective equipment, while exposed to large amounts of blood. This occurred just after the suspect had pointed the firearm at another person who had attempted to intercede. Upon hearing the gunshots, Fire Lieutenant Patrick Murphy with Fire Fighters' Joseph Welsh and Joseph Houlder ran out to the scene. Fire Lieutenant Murphy notified the Fire Alarm Division of the incident, requesting Boston Police and Boston Emergency Medical Service.

The actions of these members certainly were instrumental in saving the life of the victim. These members placed themselves in an extremely hostile environment and carried out their duties in a professional and dedicated manner.

Because they performed these acts without regard for their own personal safety, and exposing themselves to unusual personal risk, the Fire Commissioner forwards their names to the Board of Merit for further consideration.

2.) The Fire Commissioner/Chief of Department is pleased to commend Fire Fighter David Krasner of Ladder Company 9 for his actions on October 22, 2005. Fire Fighter Krasner, while working a paid detail at the Boston Common for the "Pumpkin Festival", noticed a man acting suspiciously. Fire Fighter Krasner approached this person and as he did the man walked away leaving behind a pumpkin stuffed with wires and packets of a white powder. Fire Fighter Krasner, along with Fire Fighter Robert Franklin of Tower Ladder 10, established a safe area around the suspicious object, notified Boston Police Officers present at the scene, and called Fire Alarm to have a response for a suspicious package. Fire Fighter Krasner's alertness and quick action averted what could have been a hazardous situation in a crowded area where many children were present. This commendation shall be made part of his personnel file.
