			Discontinued on 1.10.1969	

Notes;

The original numbers used for Fire Boxes in Boston Proper and West End were the District / Station numbers.

On April 28, 1864, single and two digit numbers were assigned to all Fire Boxes.

On January 1, 1882, the first numbers in the 700 series were established and used for boxes in school buildings and theatres.

On December 28, 1893, some numbers in the low 400 series, formerly used in Charlestown, were reassigned to boxes in the West and North Ends to eliminate single digit numbers.

A new four digit numbering system was introduced in 1914, and boxes in the West End and Beacon Hill were assigned numbers in the 1300 series.

Embankment Rd. changed to David R. Mugar Way on June 15, 1998.

The letter p next to box number indicates phantom box.
