FIRE PREVENTION WEEK

1. Fire Prevention Week will be observed in the City of Boston from October 7 to 13, 1962, inclusive. Mayor John F. Collins has issued the following statement in connection with the observance of this week.

"Fire takes a life somewhere in the United States every forty-five minutes. Every hour of every day in this country approximately thirty-five dwellings burn. The mercantile and business establishments annually record fire losses that total into the millions. This tragic waste compounded unwittingly by the negligence or ignorance of its victims must be reduced by every means available to us. The enactment of safety legislation is the responsibility of the public, the observance of safety habits the responsibility of the individual.

"The City of Boston is again observing National Fire Prevention Week, October 7 to October 13. It is with pride that I note that for the first time in many years, Boston has experienced less than 2,000 building fires in one year. What is even more impressive is that this trend has been steadily downward for the past five years which is a positive indication of progress in our effort to give Boston a safe look as well as a new look.

"As your Mayor, it is my sincere request that you as citizens maintain a high level of housekeeping in your homes and places of employment, give some serious thought to establishing a home emergency escape plan in the event of fire, and practice fire prevention all year long."

2. The Boston Fire Department will again emphasize the Fire Prevention Week with a series of activities as follows:

(a) Fire stations shall be open to the public between the hours of 12 Noon and 8 p. m. for inspection of the premises and for the conveyance of information concerning the fire department functions and fire prevention matters. When citizens come to a station during Fire Prevention Week, the man on house patrol shall summon the commanding officer who should be available and ready to either show the visitors around the station and to answer questions regarding the department, or to have a suitable person assigned to this duty.

(b) Fire Prevention literature will be passed out to children by the house patrol, but children will not be allowed to remain in quarters unless accompanied by a responsible adult.

(c) Canvas signs giving notice that Fire Prevention Week is in progress should be displayed from fire stations. Most stations have these signs in their possession from exhibitions of previous years, and it is the responsibility of company officers to see to it that these signs are kept in good condition from year to year. Signs should be displayed from Sunday to Saturday. Signs shall be checked daily by the officer in charge of quarters to assure that they are firmly affixed to the building in a proper manner.

3. District Fire Chiefs are directed to take an active interest in fire prevention programs in the following manner:

(a) By making arrangements with the various plants and industrial enterprises within the district to hold fire drills during the week. By grading these drills as "Good," "Fair," or "Poor," and making a report of same to the Fire Prevention Division, indicating the name of the enterprise, the date of the drill and the grade. Same should be forwarded promptly. Each concern should be requested to acknowledge participation in Fire Prevention Week activities via written correspondence. These drills should be conducted by a company officer after arrangements are made. At plants where there are special or company fire brigades, particular attention should be given to assignments and/or response procedures. It is requested that the name of the company officer conducting the drill be furnished. It is anticipated that not less than three drills be conducted in each district.

(b) All public and private schools within each district shall be visited by a district chief or duly delegated company officer. School fire drills shall be held during Fire Prevention Week in all schools, both public and private. Permission should be obtained for the presentation of a five-minute talk on the subject of fire prevention - such addresses should not be read from a printed manuscript. Every effort should be made to speak effectively and emphatically.

4. The School Department in cooperation with the Fire Department is going to distribute "Home Inspection Blanks." Distribution of these blanks shall be by company officers within whose sub-districts the schools are located, and they shall be distributed during Fire Prevention Week. The teachers shall collect the completed blanks from the pupils, and in turn the company officers will collect from the various schools and return these blanks to the Fire Prevention Division with a summary of schools and total numbers collected on or before November 1. Posters for bulletin boards, two for each school, will also be distributed.

An essay contest is being conducted in all parochial and public schools in the City for the sixth grade of the grammar schools. The topic is "When Fire Strikes - The Plan of Escape From My Home." The essay is to be of 150 words or less. All officers and members are requested to show an interest in this essay contest and to answer questions concerning it to any student who may request information relative to Fire Prevention in order to complete his essay.

5. The district fire chief should compile a list of fraternal, social, civic and professional organizations within the district and advertise to them the willingness of the Fire Department to provide company officers for the purpose of lecturing on Fire Prevention at any time. District fire chiefs should make a concerted effort to bring the activities of the department before these organizations and arrange for lectures to be given. The name of any organization so participating should be reported to Fire Prevention Division, specifically, if the organization can be urged to forward on their own stationery a notation of the event, it would be to the greater advantage of the Fire Department.

6. Throughout the week, all fire fighters are to wear the department uniform going to and from the fire stations, even though they may be driving their cars. The uniforms shall be neat and clean and regulation blue shirts and black ties shall be worn in conjunction therewith. Fire fighters are to pay special attention to the observance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from daily work. Dilapidated buildings, rubbish accumulations, and other hazards should be reported to the Fire Prevention Division. The public expects uniformed members of the Fire Department to know something about fire prevention work and to have an interest in this subject since they are public employees engaged in this field. Fire fighters, therefore, during Fire Prevention Week should have this subject uppermost in their minds, and they should not pass by a fire hazard at any time without making a note of it for reference to the Fire Prevention Division. In short, every uniformed man in the Fire Department is a fire prevention inspector at all times.

7. Company commanders, upon receipt of the Governor's Proclamation on Fire Prevention and Fire Prevention posters, will post these items in a suitable location at the front of each fire station where they will be visible to the public. They will remain posted until October 14, 1962.

Nearest box is 1524

IV. FIRE PREVENTION PARADE

1. The Annual Fire Prevention Parade, postponed from Sunday, October 7, 1962, will be held on Sunday, October 14, 1962 at 2 p. m. The instructions contained in General Orders 39, c. s. shall apply.
2. The Rex Trailer Show on WBZ-TV postponed from Saturday, October 6, 1962 will be held at 8 a. m. , Saturday, Oct. 13. The instructions contained in Special Order No. 64, c. s. shall apply.

V. UNITED FUND CAMPAIGN FOR 1963

1. Honorable John F. Collins, Mayor of Boston, has called attention to the fact that this year again the annual United Fund Campaign is being conducted and will eliminate any separate Red Cross or Salvation Army Campaign, as these agencies are now served by the United Fund. His Honor, the Mayor, hopes that the customary generosity of fire department employees will be repeated this year.
2. Pledge cards and literature concerning the United Fund campaign are being distributed to the department today. Company commanders and heads of branch divisions are requested to personally interview each member of their commands, including employees on sick and injured leave, and ask them to make a

contribution. All pledge cards are to be made out and returned to Headquarters on or before October 31, 1962. However, completed cards, with initial donations should be sent to Headquarters as soon as possible before the above date. Company commanders are requested not to hold a number of completed cards while awaiting the receipt of one or two others.

3. Also issued with this order is a white supplementary sheet for listing employee group pledges and a white report envelope. Company commanders are requested to list on the supplementary sheet the names of those contributing, giving the total number of pledges, the payment on account, and the balance due. All money donated, together with pledge cards and supplementary sheet, are to be placed in the report envelope by the company commander, and the front of the envelope is to be filled out as directed. The sealed envelope is to be forwarded to Headquarters, as soon as possible by October 17, 1962.

4. Envelopes containing pledge cards, supplementary sheets and currency will be received at Hdqtrs. by Principal Clerk Joseph P. Cawley on or before Oct. 31. Delivery of envelopes can be made on any weekday, except Saturday, between the hours of 9 a. m. and 3 p. m.

5. A member may pledge an amount of money and have it deducted on the department payroll in accordance with the provisions of Chapter 180, Section 17B of the General Laws. However, deductions can be made on the payroll only four times a year during the weeks in which there will be no Blue Cross deductions, as follows: Jan., April, July & Oct. Deductions of less than \$1.00 cannot be made. There is a space on the card for a member who desires to pledge a certain amount, make a down payment, and have the United Fund bill him for the balance in four payments as indicated on the card, or on some particular date to be inserted on the card by the member.

6. Upon receipt of a contribution or pledge by a member, the company commander shall fill out the stub on the right-hand side of card and give it to the member for his receipt. Additional pledge cards, supplementary sheets, and envelopes can be obtained in the Headquarters Division.

7. In the event that a man desires to have his contribution deducted from the payroll, his card shall not be placed in the report envelope but shall be sent to Hdqtrs. separately, and he shall note at the top left-hand side of card his Co. No.

8. Fire Captains Thomas F. Feeney of Hdqtrs. and Raymond E. Favret of Fire Prev. Div. have been designated as Unit Chairmen for the Fire Department during the United Fund Drive. They will visit every fire station in the department to fully explain the purposes of the campaign.

BY ORDER OF FIRE COMMISSIONER THOMAS J. GRIFFIN

William A Terrenzi
Acting Chief of Department

VII. HIGH COMMENDATION

1. At 2:26 a.m., September 29, 1962, the department responded to an alarm from Box 3366 for a fire in the dwelling house at 23 Bradshaw St., Roxbury.
2. Upon arrival at the scene the fire was found burning freely on the first floor. Fire Fighter John L. Campbell of Ladder Co. 23 made forcible entry into the premises, dropped to the hall floor and crawled past the fire area, which was on his right, to a rear bedroom and removed a woman whom he found there in an unconscious condition. The woman was then taken to the Boston City Hospital by the Police.
3. Inasmuch as Fire Fighter Campbell entered the building before ventilation had been accomplished or hose lines were in position and performed the rescue work under intense heat and smoke and without thought for his own safety, the Fire Commissioner is pleased to commend him highly.

VIII. COMMENDATIONS

1. The members of the Boston Fire Department Underwater Recovery Team are hereby commended for responding to the Charles River near Craigie Bridge to assist the Police Department in searching the river bottom for a reported submerged car. Members of the team located the automobile, attached a cable to it, and the car was removed from the river by the Fire Department wrecker. The members of the team performed excellent work under adverse conditions in locating the vehicle.
2. Fire Fighter John V. Morgan of Engine Co. 3 is hereby commended for responding to and working at fire, Box 1652, on October 18, 1962, while off duty.
