VII. COMMENDATION

On December 15, 1989 at 2135 hours, incident 43742, District Fire Chief John P. Carey, Headquarters, detailed to Safety, Special Services Division and Fire Fighter (Aide to District Chief) John P. Cavanaugh, while in the H-1 car and proceeding on Newbury Street, westbound near Clarendon Street, were attracted by a woman screaming that she had been robbed.

They observed a male running to an automobile parked at the curb. This vehicle with three occupants attempted to cross from the right to the left side of the street and turn onto Clarendon Street. Fire Fighter Cavanaugh drove the H-1 car in front of the fleeing vehicle. A citizen drove to the rear of the suspect's vehicle effectively stopping any retreat.

District Fire Chief Carey summoned the police via Fire Alarm. Both members were subjected to verbal abuse from the three occupants of the vehicle. Upon the arrival of the police, the three suspects were arrested while attempting to throw several pocketbooks out the window.

The Fire Commissioner is pleased to commend District Fire Chief John P. Carey and Fire Fighter (Aide to District Chief) John P. Cavanaugh for their actions and makes this commendation a part of their personnel folder.

BY ORDER OF FIRE COMMISSIONER LEO D. STAPLETON

VIII. HIGH COMMENDATION

At 2126 hours, February 2, 1990, a serious accident occurred at the intersection of A and West Fourth Streets, District 6,, when a taxicab struck a lumber truck broadside, shearing off the hood of the cab down to the engine block and pushing the truck approximately twenty feet. Gasoline, released from the carburetor, immediately ignited engulfing the engine compartment of the taxi.

Fire Fighter David A. Glover, Engine Company 10, who was off duty at the time, immediately went to the assistance of the victims, removing both from the burning vehicle. He then procured a fire extinguisher, extinguished the fire, and then performed first-aid on the injured victims.

HIGH COMMENDATION CONTINUED

Because he performed these acts prior to the arrival of fire apparatus, without the use of personal safety equipment and without consideration for his own safety, reflecting credit upon himself and the Boston Fire Department, the Fire Commissioner is pleased to highly commend Fire Fighter David A. Glover, Engine Company 10, and refers his case to the Board of Merit for further consideration.

IX. COMMENDATION

The Fire Commissioner is pleased to commend Fire Fighter John J. Forristall, Engine Company 33, for responding to and working at Box 8213, Winthrop, Incident #4020, for three alarms struck for a building fire at 765 Highland Avenue, and makes this commendation a part of his personnel folder.

BY ORDER OF FIRE COMMISSIONER LEO D. STAPLETON

FIRE FIGHTER JOHN C. MC CUE - LADDER COMPANY 28

It is with deep regret that the Fire Commissioner announces the death on February 20, 1990 of Fire Fighter John C. Mc Cue, Ladder Company 28. Fire Fighter Mc Cue was appointed to the department September 9, 1964.

VI. COMMENDATIONS

The Fire Commissioner is pleased to commend Fire Lieutenant Stanley D. Moore, Engine Company 3 and Fire Fighters John W. Wornum, Engine Company 7 and Eric A. Singleton, Engine Company 41, for responding to and assisting at a fire at 56 Columbia Road, Incident #7131, Box 3356, 3 alarms, on March 5, 1990, while off duty, and makes these commendations a part of their personnel folder.

COMMENDATIONS CONTINUED

On January 6, 1990, at 1142 hours, Incident #712, Senior Fire Alarm Operator John G. Smiddy and Fire Alarm Operator Ralph P. Dowling of the Special Services Division, while operating the Communications Unit on Cross Street, District Three, were informed of a person nearby suffering a heart attack. Upon investigation, both members immediately began C.P.R. While Operator Dowling was procuring medical supplies from the Communications Unit, Fire Fighter Paul F. Nemes of Ladder Company 4, while off duty, came upon the scene and offered assistance. Fire Fighter Nemes provided mouth to mouth resuscitation without personal protection or regard for his own physical well being until the arrival of Health & Hospital members.

The Fire Commissioner is pleased to commend Senior Fire Alarm Operator John G. Smiddy, Fire Alarm Operator Ralph P. Dowling, of the Special Services Division, and Fire Fighter Paul F. Nemes, Ladder Company 4, for their combined efforts and dedication to duty and makes this commendation a part of their personnel folder.

BY ORDER OF FIRE COMMISSIONER LEO D. STAPLETON

I. COMMUNICATIONS NETWORK

The provisions of General Order 22, 1987, are rescinded and a Communication Network for emergency operations is established effective May 1, 1990. A copy of the operating procedures for the Network is issued for each member with this order and shall be distributed and reviewed as a training exercise prior to the effective date of operation.

Rescinded
2/4/91
2.0.5/91

II. RETIREMENT

The retirement of the following named member, in accordance with the provisions of Section 5, C32, G.L., became effective 1700 hours, March 30, 1990:

Administrative Secretary George W. Kunerth, Sr. Headquarters

Administrative Secretary Kunerth was appointed to the department September 3, 1980. He leaves the department with the best wishes of his associates.

III. RESIGNATION/RETIREMENT

The resignation/retirement of the following named member, in accordance with the provisions of Section 5, C32, G.L., became effective 1700 hours, April 17, 1990:

Fire Lieutenant Robert E. Alexander Fire Investigation Unit

Fire Lieutenant Alexander was appointed to the department January 18, 1967 and promoted to Fire Lieutenant September 20, 1972. He leaves the department with the best wishes of his associates.

IV. PROMOTION TO FIRE LIEUTENANT

The following named member has been promoted to Fire Lieutenant and transferred to Headquarters, effective 0800 hours, April 18, 1990:

Fire Fighter Gerard T. Fontana Tower Company

COMMUNICATIONS NETWORK

The Communication Unit shall respond with a Fire Alarm Operator to the following incidents:

1. Working fires and multiple alarms.
2. Boxes transmitted for confirmed high-rise fires.
3. Major haz-mat incidents.
4. Boxes transmitted for subway and ship incidents and Logan Airport incidents.
5. Any incident that the officer in command requires the presence of the unit.

The Operator shall report the arrival of the Unit and its location to Fire Alarm for the information of the officer in command.

The primary duty of the Operator of the Communications Unit is to monitor the radio messages at the incident and to improve communications where possible by relaying, clarifying and interpreting messages between units when misunderstandings occur.

The Operator must also monitor channels not authorized for the incident in the event that units inadvertently use an unassigned channel.

The Operator must also be alert for messages that are urgent or appear to indicate an emergency situation and communicate same to the officer in command and to Fire Alarm.

Whenever a third alarm is struck, the Fire Alarm Office shall dispatch an additional permanent District Fire Chief to the Communications Unit at the scene and he shall establish a Communications Network, under direction of the officer in command.

He shall be designated as the Network Chief and shall be assisted in his duties by the Fire Alarm Operator in the unit and his Aide. His call sign shall be "Net-One" and his Aide shall be "Net-100".

If other activity in the city prevents the dispatch of an additional permanent District Fire Chief, the Fire Alarm Office shall so notify the officer in command who may utilize a chief officer already at the incident or not establish the Network if he so determines.

1. When a third alarm is struck for a fire in a high-rise building, the Fire Alarm Office shall assign one of the two District Fire Chiefs responding on the third alarm to the duties of Network Chief at the incident and this member shall be a permanent chief officer.

2. At any incident that the Network is established, he and his assistants shall continue monitoring the flow of traffic at the incident and assure that the officer in command is kept fully informed of all pertinent information and continue monitoring unassigned channels for inadvertent use.
3. He may, with the concurrence of the officer in command, assign a specific member or members to another frequency to investigate and develop tactical and strategic information to be then forwarded through the Network Chief as appropriate.
4. When conditions permit, he shall establish and record the location of every unit at the scene and make that information available to the officer in command when required. This activity shall take place on a frequency different from that being utilized by the officer in command. He may direct units to provide him with the location information on such other frequency.
5. When the Network Chief observes messages are not being received and acknowledged or are apparently misunderstood, he shall take action to resolve such issues.
6. Under the direction of the officer in command, the Network Chief may assign companies arriving on additional alarms or on requests for additional assistance to specific duties.
7. Whenever an emergency message is transmitted at an incident such as orders to evacuate a building or area, or to request same, the Network Chief shall insure that all appropriate messages are received and acted upon.
8. When alarms are struck rapidly at a particular incident, the Network Chief shall establish the Communications Network at a time that is appropriate to the situation.
9. The officer in command of any incident may assign a chief officer to establish the Communications Network at any incident when he determines the complexity of the operation deems it to be beneficial to the operation even though the incident has not reached the third alarm level.

The purpose of the establishment of the Network is to expand on the successful operations of the Communication Unit and to attempt to reduce radio traffic on the primary incident channel by prioritizing messages forwarded to the officer in command for his information and evaluation.

The Network also has the major duty of establishing and recording the location of every unit at the incident for future assignment purposes and in the event of an emergency.

The Communication Unit, while in operation at an incident, will be readily identified by a raised green strobe light over the top of the unit.

The following items are carried in the Communication Unit for use at any incident:

RADIOS

Mobile Transmitter - Channels 1,2,3,4
Mobile Repeater on Channels 1,2,3,4 - unit is able to repeat on one selected channel
Metro-Fire Transmitter

BOARD OF MERIT

The Board of Merit, consisting of the Fire Commissioner and the Deputy Fire Chiefs, has considered all meritorious acts referred to it during the year 1989. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

1. Case of Fire Fighter Robert M. Staunton, Engine Company 21

At approximately 1944 hours, on January 6, 1989, box 3121 was transmitted for a building fire at 231 Geneva Avenue. While advancing a line to the third floor, Engine Company 21 was informed that children were trapped in an apartment on that floor. At this time heavy fire and smoke conditions existed and Fire Fighter Robert M. Staunton crawled down the hall of the burning apartment. The bedroom on his left was fully involved in fire and flames were lapping out into the hallway above Fire Fighter Staunton's head. He quickly entered the bedroom on his right, found a child on the bed and removed her to the safety of the outer hallway where Lieutenant Timothy F. McGillicuddy immediately started C.P.R. At this time Fire Fighter Staunton heard cries from the rear bedroom and, under intense heat and smoke conditions, he reentered the bedroom. By this time fire was flashing across the ceiling of that bedroom placing Fire Fighter Staunton under extreme personal risk and making the search extremely difficult. He found a child trapped behind the bed and wedged between the headboard and the baseboard. He quickly removed him to the safety of the outer hallway, just as the room flashed over. Fire Fighter John A. King, Engine Company 21, started C.P.R. and removed the child to a waiting ambulance.

Because Fire Fighter Staunton performed these acts under extreme personal risk to himself and before proper ventilation had been performed, or lines were in place, the Fire Commissioner highly commended him in General Order No. 20 of 1989.

The Board recommended that Fire Fighter Robert M. Staunton, Engine Company 21, be awarded the John E. Fitzgerald Medal for the most meritorious act.

2. Case of Fire Lieutenant Timothy F. McGillicuddy, Jr.,
Ladder Company 7

At 1944 hours on January 6, 1989, box 3121 was struck for a building fire at 231 Geneva Avenue. Upon arrival, with heavy fire and smoke conditions issuing from the third floor, Lieutenant Timothy F. McGillicuddy, Jr., of Ladder Company 7, was informed that children were trapped in that apartment. Lieutenant McGillicuddy ordered his company to place a 35' ladder to the third floor for ventilation and rescue. He then ascended the stairs and crawled down the hall to the burning apartment. Lieutenant McGillicuddy started a search, before proper ventilation had been accomplished. A member of Engine Company 21 located one child and passed her to Lieutenant McGillicuddy who immediately removed her from the burning apartment. At this time the child was not breathing. Lieutenant McGillicuddy immediately started mouth to mouth resuscitation, successfully reviving the child and placed her under the care of Boston City Hospital personnel.

Because Fire Lieutenant Timothy F. McGillicuddy, Jr., performed these acts under unusual personal risk to himself before proper ventilation had begun, and without proper protection against possible infectious disease, the Fire Commissioner highly commended him in General Order No. 40 of 1989.

The Board recommended that the name of Fire Lieutenant Timothy F. McGillicuddy, Jr., Ladder Company 7, be placed on the Board of Merit.

3. Case of Fire Fighter (Inspector) Phillip E. Marsh
Fire Prevention Division

On March 16, 1989, at approximately 2113 hours, Fire Fighter (Inspector) Phillip E. Marsh, Fire Prevention Division, while off duty and stopped at a traffic light in Codman Square, saw two teenagers light newspapers and attempt to set fire to a three story, ordinary construction vacant building at 600 Washington Street, District 8.

Inspector Marsh notified Fire Alarm by radio and requested a still alarm. When he approached the two suspects, both fled behind the fire building. Inspector Marsh pursued the suspects through back yards and over fences until the suspects split up. He continued after the taller suspect for several blocks where he apprehended him as he entered a three family dwelling at approximately 742 Washington Street. A crowd gathered and pressured Inspector Marsh to release the suspect. Inspector Marsh continued to update Fire Alarm of his location as it changed during the pursuit. Fire Alarm notified Inspectors John J. O'Sullivan and Edward S. Twitty of the Fire Investigation Unit, who responded to the incident. On arrival they arrested the suspect and removed him from the scene, which had grown tense because of Inspector Marsh's refusal to release the suspect.

As Inspector Marsh was returning to his car in Codman Square, some youths informed him the second suspect could be found at 656 Washington Street. Inspector Marsh confronted the suspect and apprehended him. Inspector Twitty arrested him and both suspects were transported by Boston Police to Area C and charged with arson.

Because this act was performed with great personal risk, without knowledge of whether the suspects were armed or not, or if the crowd could turn from threats to action, and because of his quick aggressive action, without regard for his own personal safety, thus preventing a serious fire in a very hazardous vacant building, the Fire Commissioner highly commended him in General Order No. 26 of 1989.

The Board recommended that the the name of Fire Fighter (Inspector) Phillip E. Marsh, Fire Prevention Division, be placed on the Board of Merit.

4. Cases of Fire Fighter Gerard A. Yanovitch, Engine Company 3
Fire Fighter John F. Kelly, Special Unit

On May 23, 1989, at approximately noon, Fire Fighters Gerard A. Yanovitch of Engine Company 3 and John F. Kelly of the Special Unit, while off duty and exiting a supermarket parking lot at Adams and Minot Streets, District 8, observed a young man attempting to seize control of a vehicle from a female occupant.

Fire Fighters Yanovitch and Kelly left their vehicle to assist the woman. An elderly gentleman, while trying to assist the woman, was confronted by the younger man who proceeded to throw him several times against a dumpster and was in the process of throwing him to the ground when Fire Fighters Yanovitch and Kelly seized the younger man's arms, resulting in a bag being torn loose from his left hand, revealing a loaded pistol.

Fire Fighter Kelly struck the young man, the momentum took them to the ground. Fire Fighter Yanovitch pried the pistol from his hand. Fire Fighter Yanovitch, Kelly and the older man, a retired police officer, subdued the man until the arrival of the police.

It was later revealed this man had apparently robbed a local bank in Adams Square and was attempting to use the woman's vehicle to escape.

Because of their quick, aggressive action and without regard for their own personal safety in a life threatening situation, reflecting great credit upon themselves and the Boston Fire Department, the Fire Commissioner highly commended Fire Fighter Gerard A. Yanovitch of Engine Company 3 and Fire Fighter John F. Kelly of the Special Unit in General Order No. 51 of 1989.

The Board recommended that the names of Fire Fighter Gerard A. Yanovitch, Engine Company 3 and Fire Fighter John F. Kelly, Special Unit, be placed on the Board of Merit.

5. Cases of Fire Fighter John J. Sullivan, Ladder Company 7
Fire Fighter John L. McKay, Jr., Ladder Company 7

On August 13, 1989, at 2110 hours, Ladder Company 7 responded to a building fire at 46 Lyons Street, District 7. Upon arrival, fire was showing from the rear of a three story duplex on the second and third floors. Citizens informed Fire Fighters John J. Sullivan and John L. McKay, Jr., of Ladder Company 7, that a woman and her child were still in the second floor and a man, who had entered the building to search for them, had not returned.

Both firefighters entered the building by the front door and made their way to the second floor via the front stairs. Upon reaching the second floor, Fire Fighter John J. Sullivan entered the left side apartment and conducted a room to room search through heavy smoke and increasingly intense heat. He located a woman at the rear of the apartment who, in an extremely confused and nearly unconscious state, was holding an infant wrapped in a blanket. Fire Fighter Sullivan immediately removed them to safety, through the front of the building, to the street.

Simultaneously, Fire Fighter John L. McKay, Jr., entered the right side apartment of the second floor and conducted a room to room search through heavy smoke and intense heat. He located a man at the rear of the apartment, who was at floor level attempting to open the door to the rear stairway which was fully involved in fire. Fire Fighter McKay forcibly restrained the man from opening this door and removed him to the street through the front of the building.

Both of these rescues were performed before ventilation had occurred or lines were in place. Adding to the difficulty and confusion was the fact that the occupants were unable to speak English, making communication extremely difficult.

Because these rescues were performed at great personal risk, reflecting great credit upon themselves and the Boston Fire Department, the Fire Commissioner highly commended Fire Fighter John J. Sullivan and Fire Fighter John L. McKay, Jr., Ladder Company 7 in General Order No. 54 of 1989.

The Board recommended that the names of Fire Fighter John J. Sullivan and Fire Fighter John L. McKay, Jr., Ladder Company 7, be placed on the Roll of Merit.

6. Case of Fire Fighter Ralph P. Walker, Ladder Company 29

On November 1, 1989, Box 12-3434 was struck for a building fire at 784 Washington Street, District 8, an elderly housing high rise complex.

Smoke was issuing from the second floor rear. Ladder Company 29 was ordered to make a primary search of that area. Fire Fighter Ralph P. Walker of Ladder Company 29 proceeded to the rear of the building, climbed over an eight foot locked gate and ascended to the second floor via the rear stairway. Upon entry into the common hallway he encountered a heavy smoke condition.

Another fire fighter was removing an elderly female via the rear stairway. Fire Fighter Walker began to search for other occupants. He opened the door to an apartment and while encountering heavy smoke and heat he located an elderly male in a wheelchair and removed the man into the hallway. He proceeded in checking for vital signs, removed his facepiece and placed it on the victim's face. With the aid of other firefighters, the man was removed to the street where CPR was performed until relieved by Boston Health and Hospital personnel.

The Fire Commissioner highly commended Fire Fighter Ralph P. Walker, Ladder Company 29 for his actions which were performed at unusual personal risk, under difficult heat and smoke conditions, before ventilation was begun or lines placed, in General Order No. 65 of 1989.

The Board recommended that the name of Fire Fighter Ralph P. Walker, Ladder Company 29, be placed on the Roll of Merit.

7. Case of Fire Fighter Donald E. Oliver, Ladder Company 2

On November 24, 1989, Engine Company 9, Ladder Company 2 and Rescue Company 1 responded to a still alarm for Maverick MBTA Station, District 1, at 1644 hours, incident #41562, on report of a person struck by a train.

Investigation revealed a 50 year old male wedged between the platform and the train some ten feet from the front car and the first door; the upper half of his body above the platform and the lower half below. The consensus of opinion by the members present was that the man was alive but unconscious.

Members of Ladder Company 2, while operating the Amkus tool between the car and platform, released the pressure holding the person. Fire Fighter Donald E. Oliver of Ladder Company 2 descended into the pit. Crawling in the space under the platform adjacent to the subway car he managed to reach the victim, maneuvering the man's legs and torso allowing extrication by members on the platform.

Due to the extreme apparent injuries to the victim, the rescue was made before third rail power was shut down. Fire Fighter Oliver, cognizant of the safety risks involved, performed this act at great personal risk to himself. The Fire Commissioner highly commended Fire Fighter Donald E. Oliver, Ladder Company 2, in General Order No. 73 of 1989.

The Board recommended that the name of Fire Fighter Donald E. Oliver, Ladder Company 2, be placed on the Roll of Merit.

8. Cases of Fire Lieutenant Robert J. Crawford, Ladder Company 15
Fire Fighter John J. Forristall, Engine Company 33
Fire Fighter Martin J. Fernandes, Engine Company 33

On August 21, 1989, at 1530 hours, members of Engine Company 33 and Ladder Company 15, while on the main floor of quarters, heard shouts for help coming from the Boylston Street area in the vicinity of the Hynes Convention Center. Upon investigation, they observed a man being chased by an employee of a nearby retail store. Fire Lieutenant Robert J. Crawford, Ladder Company 15, Fire Fighters John J. Forristall and Martin J. Fernandes, both of Engine Company 33, immediately gave chase on foot and after a struggle which knocked one member to the ground, the suspect was apprehended. The suspect was brought to Engine Company 33's quarters and detained until the arrival of the Boston Police who subsequently arrested the man. The stolen property was then returned to the merchant.

The Fire Commissioner commended Fire Lieutenant Robert J. Crawford, Ladder Company 15 and Fire Fighters John J. Forristall and Martin J. Fernandes, Engine Company 33, for their aggressive action, reflecting credit upon themselves and the Boston Fire Department, in General Order No. 62 of 1989.

The Board recommended that

Fire Lieutenant Robert J. Crawford, Ladder Company 15
Fire Fighter John J. Forristall, Engine Company 33
Fire Fighter Martin J. Fernandes, Engine Company 33

be awarded the Distinguished Service Award.

9. Case of Fire Fighter James W. Rodgers, Ladder Company 26

On September 30, 1989, at approximately 1700 hours, Fire Fighter James W. Rodgers of Ladder Company 26, while off duty and driving along American Legion Highway, observed a vehicle swerve into a tree at a fair rate of speed. Fire Fighter Rodgers immediately stopped his vehicle to render assistance. Investigation revealed an elderly male and female occupant in need of immediate medical attention. Fearing a vehicle fire, he proceeded in removing an unconscious male and while administering CPR instructed and encouraged a spectator tending the elderly female occupant who was bleeding profusely and trapped under the dash. Another spectator was instructed to summon assistance. Fire Fighter Rodgers succeeded in restoring the man's vital signs.

Engine 52, Ladder 29, Rescue 2 and Emergency Medical Services arrived and extricated the elderly woman.

The Fire Commissioner commended Fire Fighter James W. Rodgers, Ladder Company 26, for his quick actions and dedication to duty, reflecting great credit upon himself and the Boston Fire Department, in General Order No. 62 of 1989.

The Board recommended that Fire Fighter James W. Rodgers, Ladder Company 26, be awarded the Distinguished Service Award.

10. Case of Fire Fighter (Inspector) Paul Hicks,
Fire Prevention Division

On October 13, 1989, at approximately 1930 hours, the K-4 Unit, while in quarters, were informed by a citizen that a person had just broken into a vehicle parked at the curb (vehicle later identified as belonging to a member). This citizen informed Inspectors Hiram Ortega and Paul Hicks that the suspect ran toward Chesterton Street, carrying a tool box on his shoulder. Members pursued the suspect on Chesterton to Allerton to Magazine Streets and Norfolk Avenue. At this time the suspect dropped the tool box and after a short foot chase, Inspector Paul Hicks apprehended this person.

K-4 notified Fire Alarm Office to have Boston Police meet them in quarters and the suspect was transported there and turned over to Boston Police.

Inspector Hicks pursued this suspect at great personal risk since Inspector Hicks was unarmed.

The Fire Commissioner commended Fire Fighter (Inspector) Paul Hicks, Fire Prevention Division, for his aggressive actions in General Order No. 65 of 1989.

The Board recommended that Fire Fighter (Inspector) Paul Hicks, Fire Prevention Division, be awarded the Distinguished Service Award.

VIII. HIGH COMMENDATIONS

On February 10, 1990, at 0300 hours, a Boston Police Officer, while on patrol on Tremont Street, was stopped by a group of people that stated two men in a blue Pontiac pulled a gun on them. The officer located the vehicle on Tremont Street and gave pursuit. The suspects crashed their car into parked vehicles on Tremont Street near Engine Company 22's quarters. A violent struggle ensued. The police officer was punched and kicked by one of the suspects. The second suspect came to his friend's aid. The police officer was now fighting with both suspects, one of whom had a gun. The second suspect was found to have possession of a knife.

HIGH COMMENDATIONS CONTINUED

Fire Fighter Patrick L. McDonough and Fire Fighter Joe E. Montoya, both on duty at Engine Company 22's quarters, 700 Tremont Street, District 4, heard the commotion outside. They observed a group of people around a crashed vehicle with a police officer being attacked by what appeared to be three individuals, while other spectators were yelling and shouting. Fire Fighters McDonough and Montoya, without regard for their own safety, immediately went to the aid of the police officer. They grappled and held on to two other individuals, one being a victim of the crash attempting to attack the suspect, but interfering with the police officer. The officer was able to handcuff the first suspect. Fire Fighters McDonough and Montoya helped to control the suspects until the arrival of additional police officers.

Because Fire Fighters Patrick L. McDonough and Joe E. Montoya of Engine Company 22 performed this action at extreme personal risk, reflecting credit upon themselves and the Boston Fire Department, the Fire Commissioner is pleased to highly commend Fire Fighters Patrick L. McDonough and Joe E. Montoya of Engine Company 22 and refers their case to the Board of Merit for further consideration.

On March 5, 1990, at 1345 hours, box 3356 was struck for a building fire at 56 Columbia Road, District 7, for which 3 alarms were sounded.

Heavy smoke was showing from the front of the building upon the arrival of Engine Company 24 and Ladder Company 23. With a report of children trapped inside and while Engine Company 24 was advancing a line to the first floor with heavy fire showing on the side of the building and before ventilation was performed, Fire Captain Paul V. Farren, Headquarters (detailed to Ladder Company 23), entered the fire room via the right side of the front porch. While searching the room, Fire Captain Farren located a child in a crib, placed his facepiece on the child's face and while proceeding to exit, became disoriented due to intense heat and smoke. Fire Fighter Robert H. Lindsay of Ladder Company 23 entered the same window and assisted Captain Farren in handing the child to Fire Fighter Eric A. Singleton of Engine Company 41, who was off duty. (Commended in General Order No. 11, March 23, 1990.)

Because Fire Captain Paul V. Farren performed this act under extreme personal risk to himself, before proper ventilation had been performed or lines of hose in place, the Fire Commissioner is pleased to highly commend Fire Captain Paul V. Farren, Headquarters (detailed to Ladder Company 23) and refers his case to the Board of Merit for further consideration.

HIGH COMMENDATIONS CONTINUED

On May 16, 1990, while Ladder Company 10 was operating as a fire detail, Box 6-2255, incident number 15869, Fire Fighter Scott J. Malone, while at the right side of the fire building, observed two Boston Police Officers in foot pursuit of a male person. Without hesitation, Fire Fighter Malone jumped a five foot fence equipped with barbed wire, receiving a laceration to his hand and dropping ten feet to the ground where he tackled and subdued the fleeing person until the arrival of the police in pursuit. The suspect was wanted for a series of crimes in the area and placed under arrest.

Because Fire Fighter Malone performed this act in the presence of many spectators, reflecting credit upon himself and the Boston Fire Department, while at great personal risk to himself and without knowledge of the suspect having a weapon in his possession, the Fire Commissioner is pleased to highly commend Fire Fighter Scott J. Malone of Ladder Company 10 and refers his case to the Board of Merit for further consideration.

IX. HAZARDOUS BUILDINGS

The building located at 130 Brooks Street, East Boston, District 1, is in hazardous condition. The front stairway treads leading into the building, and stair railings throughout are missing. There are holes in the floor leading up the back stairway. The front and rear of building is open to trespassers. Bricks are falling off the chimney and electrical wiring is exposed.

The building located at 5 Marion Street, East Boston, District 1, is in hazardous condition. The rear porch on the first floor has a cracked support beam causing entire rear porch to pull away from the building.

The building located at 60 Hemenway Street, District 5, is in hazardous condition. The roof and rear wall are missing. The first floor has open joists with no flooring.

Extreme caution must be taken at all times during fire fighting operations at these locations. These buildings have been posted.

IV. DISTRICT FOUR BOUNDARY LINES

The provisions of General Order No. 27, dated April 30, 1954, relative to District Four boundary lines, are hereby rescinded.

Effective 1800 hours, June 22, 1990, the following boundary lines will be established for District Four:

All that portion of the city included within a line starting at the Boston-Cambridge boundary line on the Harvard Bridge, and continuing along Massachusetts Avenue to the South Bay/ Massachusetts Avenue Exit Interchange of the General Casimir Pulaski Skyway following an imaginary line on the easterly side of the John F. Fitzgerald Expressway, to a point on the northerly side of the Broadway Bridge, to the Fort Point Channel to the Summer Street Bridge, continuing along Summer Street to Atlantic Avenue, to Essex Street, to Washington Street, to Boylston Street, to Arlington Street, to Beacon Street, to Embankment Road, to the Boston-Cambridge boundary line in the Charles River, opposite the junction of Embankment Road and Storrow Memorial Drive following the Boston-Cambridge boundary line to the point of origin.

NOTE: The Harvard Bridge will be included within District Four. The West Fourth Street and Broadway Bridges are excluded from District Four.

V. CLARIFICATION OF DISTRICT SIX BOUNDARY LINES

General Order No. 22, c.s., Paragraph IV, is changed to read as follows:

Change "United States Pierhead line of Governor's Island" to read "United States Pierhead line of Mass Port Property, formerly Governor's Island".

BY ORDER OF ACTING FIRE COMMISSIONER JOHN D. WHITE
