CONCERT
and
BALL

**BOSTON FIRE AND
PROTECTIVE
DEPARTMENTS**

BOSTON GARDEN *Monday Evening* **FEBRUARY 9, 1942**

BOSTON FIRE AND
PROTECTIVE DEPARTMENTS

63RD
ANNUAL CONCERT & BALL

MONDAY EVENING, FEBRUARY 9, 1942

Boston Garden
BOSTON, MASSACHUSETTS

HON. MAURICE J. TOBIN
Mayor of Boston

WM. ARTHUR REILLY
Fire Commissioner

CHARLESTOWN FIRE, SEPTEMBER 19, 1941

IN MEMORIAM

THE FOLLOWING VERSE IS DEDICATED TO THE MEMORY
OF THE MEN KILLED IN THE SERVICE

*All honor unto gallantry
In severance we pay —
That others might have days to be
These gave their lives away.
Now glory shall enshrine each name
And time their deeds defy —
Since humble men who sought no fame
Have taught us how to die.*

HENRY GILLEN,
Dutton Post

Name	Company	Date of Death
Mechanic JOHN H. COYER	Maintenance Div.	January 5, 1941
HOSEMAN GEORGE F. ZONE	Fire Prevention Div.	January 6, 1941

G. C. Fernald	D. K. Wheelock	J. A. Kelley, Jr.

LADDER RAISING—AUXILIARY FORCE IN TRAINING

CONNECTING HYDRANTS—AUXILIARY FORCE IN TRAINING

MEN WANTED

If you are a resident of Boston, or a non-resident employed in Boston, between the ages of 21 and 55 years, you are eligible to enroll in the Civilian Auxiliary Force.

Classes are conducted one evening a week in various fire houses throughout the city. You may apply at your neighborhood fire station or write to Chief Samuel J. Pope, Fire Headquarters, 60 Bristol Street, Boston.

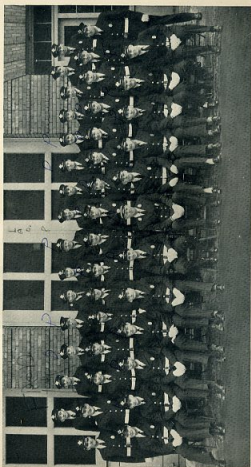

WM. ARTHUR REILLY
Fire Commissioner

Deputy Chief D. J. COUGHLIN
In Charge of Auxiliary Force

DID YOU KNOW THAT

1. The Boston Fire Department has a Volunteer Auxiliary Force of trained men?
2. Boston was the first large city in this country to organize such a force?
3. The Boston Fire Department has been organizing private fire brigades in all the large plants in our city?
4. The Boston Fire Department still needs more auxiliary firemen?
5. There are both day and night classes held weekly?
6. Every man between the ages of 21 to 55, residing or working in the city of Boston, is eligible to join this auxiliary?
7. Your assignment of work will be according to your age and physical capacity (there is plenty of ground work that can be done by the older men)?

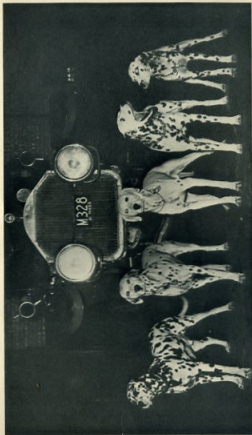

BOSTON FIRE DEPARTMENT DRILL TEAM

IN WAR TIME

DID YOU KNOW THAT

1. The greatest damage in an air attack is from incendiary bombs?
2. Small incendiary bombs may destroy your city unless you assist your fire department?
3. Incendiary bombs can be easily handled and made harmless by man, woman, or child?
4. No fire department in the world is capable of extinguishing the number of fires that could be started by one bombing plane?
5. In the event of an air raid alarm every roof should be patrolled by watchers for incendiaries?
6. Every building should have the proper equipment for handling these incendiaries, namely, dry sand, rock dust, or other inert material, container and scoop, means for apply water in spray form such as pump can, garden hose, silt-rup pump, etc.?
7. Water applied to an incendiary in any form other than spray is dangerous and will spread the fire?
8. Water will not extinguish an incendiary but will increase its burning and thus reduce the hazard?
9. The average incendiary if not attacked will burn for 15 to 20 minutes?
10. Water applied in spray form will cause this incendiary to burn out in 5 to 5 minutes?
11. Water applied in spray form will prevent combustible material from being ignited?
12. The type of incendiary used cannot continue to burn without oxygen?
13. A liberal quantity of sand spread around and on top of bombs is an efficient method of preventing spread of fire?
14. The incendiary bomb will continue burning under the sand, therefore it should be scraped up and placed in a sand container and removed from the building as quickly as possible?
15. You can make a liquid which if sprayed on cloth, draperies, rugs, etc., will not discolor them but will make them fireproof.

FIVE PRIZE DALMATIAN DOGS, PRESENTED TO THE BOSTON FIRE DEPARTMENT BY THE DALMATIAN CLUB OF BOSTON

*Trustees of the
Boston Firemen's Relief Fund
wish to publicly thank all who have
in any way contributed to the
success of our Annual Ball*

FREDERICK J. DOBRYATZ
President
