

I. TOWER COMPANY

Effective 0800 hours, May 21, 1983, a Tower Company will be established and put into service at 123 Oliver Street, District 3. Engine Company 42 Sqrt will be utilized in this combined unit. Engine Company 39 Sqrt will remain in its own quarters, in reserve, available when needed.

The Tower - Sqrt Unit will consist of 4 Officers and 15 men and will respond automatically to all working fires, multiples and special calls from the fireground commander.

Fireground Commanders shall have the option of having the Fire Alarm Office return any segment of this unit if their services are not required.

Effective 0800 hours, May 21, 1983, Engine Companies 39 and 42 will operate as regular single unit engine companies.

Company officers of Engine Company 39 shall see that their reserve Sqrt is maintained daily for operational use.

II. RADIO CALL

Designated radio communication for the Tower Company will be as follows:

Tower One
Sqrt One
Sqrt Two
